CHERRY Shipping Line Comprehensive Company Policy

1. Bill of Lading Requirements

1.1 Bill of Lading (B/L) Types

CHERRY accepts both Original Bills of Lading (OBL and Sea Waybills (SWB) for all shipments. Electronic Bills of Lading (e-B/L) are available upon request for select routes.

- Seaway Bills: Not allowed for any shipments to Brazil.
- Original Bills of Lading:
 - For PECEM, MANAUS, and SALVADOR: Must be issued outside Brazil.
 - Minimum of three original copies required.
 - Must be marked as "Original" or "Original Bill of Lading" or "Surrendered".

1.2 Shipper Details

- Full name and complete address are mandatory.
- Contact information (phone and email) must be provided.
- P.O. Box alone is not sufficient; a physical address is required.
- For Port of Discharging, China:
 - LEI (Legal Entity Identifier) or CIK (Central Index Key) or 13-digit corporate number shall be input into Shipper's Party on Bill of Lading.

1.3 Consignee Information

- Full name and complete address are mandatory.
- Contact information (phone and email) must be provided.
- For "To Order" B/Ls, the notify party must be a company located in the destination country.
 - "To Order" Consignee:
 - Notify party must include CNPJ number.
 - Format: "TO ORDER OF [Bank Name]" in consignee field
 - Example: "TO ORDER OF BANCO DO BRASIL S.A."
 - Consignee must have a physical address in Brazil.
 - Format: "Company Name, Street Address, City, State, ZIP Code, Brazil"
 - Example: "ABC Importações Ltda., Av. Paulista 1000, São Paulo, SP, 01310-100, Brazil"
 - For Port of Discharging, China:
 - USCI (Unified Social Credit Identifier) or OC (Organizing institution bar Code) shall be written down on Bill of Lading.

1.4 Notify Party Details

- The notify party must be a company located in the destination country.
- Full name and complete address are mandatory.
- Contact information (phone and email) must be provided.
- "To Order" Consignee in Brazil:
 - Notify party must include CNPJ number.
 - Format: "TO ORDER OF [Bank Name]" in consignee field
 - Example: "TO ORDER OF BANCO DO BRASIL S.A."
- CNPJ Number (Brazil):
 - Format: XX.XXX.XXX/XXXX-XX
 - Example: "CNPJ: 12.345.678/0001-90"
- For Port of Discharging, China:
 - USCI (Unified Social Credit Identifier) or OC (Organizing institution bar Code) shall be written down on Bill of Lading.

1.5 Tax Identification Numbers

- Tax ID or Business Registration Numbers are required for both consignee and notify parties.
- Format requirements vary by country; please consult local CHERRY offices for specific guidelines.

1.6 Cargo Description

- Detailed and accurate description of goods is mandatory.
- Generic terms like "Consolidated Cargo" or "Said to Contain" are not accepted.

1.7 General Requirements

- **CBM (Cubic Meter):**
 - Mandatory on all Bills of Lading.
 - Format: XX.XXX CBM (e.g., 24.501 CBM).
 - For multiple containers, list CBM per container and/or total containers.
- **Freight and Charges:**
 - Prepaid and collect options are available for most routes, subject to prior approval.
 - All applicable charges must be itemized on the Bill of Lading.
 - Use three-letter currency codes (e.g., USD, EUR, CNY).
 - Example: "Ocean Freight: USD 1,500.00, BAF: USD 200.00, THC: USD 150.00"
- **Seal Number:**
 - Mandatory for all container shipments.

- Format: Numerical, up to 6 characters.
- Example: "205568"
- **H.S. Code:**
 - 6-digit Harmonized System Code mandatory.
 - Must match the cargo description.
 - Multiple HS codes allowed for mixed cargo.
 - Example: "847130 - Portable digital automatic data processing machines, weighing not more than 10 kg, consisting of at least a central processing unit, a keyboard and a display"

1.8 Special Instructions

Any special handling or temperature requirements must be clearly stated on the B/L.

2. Payment Terms

2.1 Prepaid Shipments

All charges for prepaid shipments must be settled before cargo release at destination.

2.2 Collect Shipments

Collect shipments are accepted for most routes, subject to credit approval. Certain destinations may require prepayment of specific local charges.

2.3 Credit Terms

Credit facilities are available for regular customers, subject to approval. Standard credit terms are 30 days from the date of invoice and/or by the end of next month after the relevant month's closing.

3. Weight Requirements

- Gross weight must be in kilograms, rounded to two decimal places.
- Format: "XX,XXX.XXX KG" per container.
- VGM (Verified Gross Mass) must be provided before container is loaded.
- Example: "Container/Seal CRLU2523917/231713, Gross Weight: 18,500.020 KG, VGM: 18,650.020 KG"

4. Cargo Restrictions and Requirements

4.1 Wood Packaging

- All wood packaging must comply with ISPM 15 regulations.
- Fumigation certificate must be provided.
- Marking: "IPPC logo, XX (ISO country code), 000 (unique number), YY (treatment type)"

4.2 Prohibited Items

- Used cars: Strictly prohibited, no exceptions.
- Used tires: Not accepted at any South American port.
- List of other prohibited items available upon request.

4.3 Personal Effects/Household Goods

- Consignee must be a registered company (e.g., Freight Forwarder).
- Detailed packing list required, including item descriptions and values.
- Maximum value: USD 3,000 per shipment.
- For Brazilian nationals: CPF number required.
 - For foreigners: Passport number required.
- Format: "CPF: XXX.XXX.XXX-XX" or "Passport: AXXXXXXXXX (Country)"

4.4 Dangerous Goods

- Acceptance of dangerous goods is subject to IMDG regulations and CHERRY's internal policies.
- Advance booking and approval are required for all dangerous goods shipments.
- IMDG compliance mandatory for all dangerous goods shipments.
- Material Safety Data Sheet (MSDS) required in Portuguese or English.
- Dangerous Goods Declaration must be provided 72 hours before vessel arrival.
- Required Documents in Portuguese:
 - FISPQ (Ficha de Informação de Produto Químico)
 - Ficha de Emergência (Anexo VIII da NR 29)
 - Declaração de Mercadorias Perigosas (Anexo VII da NR 29)

4.5 Reefer Cargo

- Reefer cargo bookings must be made at least 5 working days before vessel departure.
- Temperature settings, ventilation requirements (Open/ Close) and its humidity Min XX.XX(%) to Max XX.XX(%) must be clearly specified.
- Commercial Value shall be announced when the customer does book the reefer cargoes.

4.6 Out of Gauge (OOG) Cargo

- All OOG cargo is subject to special approval and may incur additional charges.
- Detailed dimensions and weight distribution must be provided at the time of booking.
- Commercial Value shall be announced when the customer does book the reefer cargoes.

4.7 Waste and Scrap Materials

- Acceptance of waste and scrap materials is subject to destination country regulations.

- Additional documentation may be required for such shipments.

5. Scheduling and Documentation Timeline

- Empty Container Pick-up: Minimum 96 hours before vessel's berthing time.
- Stuffed Container Delivery: Minimum 48 hours before vessel's berthing time.
- Loading Document Completion: Minimum 48 hours before vessel's berthing time.
- Must include container number, seal number, and VGM.
- Vessel Cut-off: 24 hours before vessel's berthing time.
- Documentation Cut-off: 24 hours before vessel's berthing time.

5.1 Pre-Loading Timeline

- Empty container release: Minimum 96 hours before vessel berthing
- Shipping instructions submission: Minimum 48 hours before vessel berthing
- Laden container gate-in: Minimum 48 hours before vessel berthing
- Customs regulations for cargo handling and documentation must be followed

6. Compliance and Sanctions

- All shipments screened against UN, EU, USA, and Brazil sanctions lists.
- Verification includes: individuals, entities, HS Codes, and commodities.
- Compliance team available 24hours/7Days for urgent screenings.
- Annual compliance training mandatory for all staff.

7. Customs and Port Operations

7.1 Export Procedures

- Electronic Export Declaration (DU-E) required for all Brazilian exports.
- Submission deadline: 24 hours before vessel departure.
- Export declarations and certificates must be valid at time of shipment.

7.2 Import Procedures

- Import Declaration (DI) must be filed within 90 days of cargo arrival.
- Red channel (physical inspection) may delay cargo release by 3-5 days.
- Import clearance procedures and timeframes vary by country.
- Arrival Notice shall be sent to Notify and/or Consignee before 7(Seven), 5(Five), 3(Three), 2(Two) working day when the vessel arrives at the discharged port.
- Delivery Order shall be released to Notify and/or Consignee before 2(Two) working day when the vessel reaches the discharged port after collecting Original Bill(s) of Lading or Surrender Bill(s) of Lading, all discharged costs: including Freight(Collected), Discharged

THC, Cleaning/Watching of Container, Wharfage, Emergency Bunker Surcharge, Cost Recovery Surcharge and so on incurred by the discharged cargo(es); with the copy of Import and Customs Clearance Documents.

7.3 Transshipment

- Transshipment cargo requires separate documentation.
- Minimum connection time: 72 hours for FCL, 96 hours for LCL.

7.4 Customs Documentation

- Manifest information must be submitted 24 hours before vessel departure.
- Corrections to manifest data may be subject to fees and penalties.
- Country-specific requirements for additional documentation must be followed.

7.5 Country-Specific Regulations

- Importers/exporters must comply with all local customs and trade regulations.
- Certain commodities may require special licenses, permits, or certificates.
- Adherence to local restricted/prohibited goods lists is mandatory.

7.6 Customs Clearance Procedures

- Delivery orders are subject to completion of customs formalities.
- Non-compliance with customs regulations may result in delays, fines, or cargo seizure.
- CHERRY shall comply with the following when calling at U.S. port(s) for loading and/or discharging cargo:

- 1) Update & maintain Standard Carrier's Alpha (SCA) Code
- 2) Update & maintain International Carrier Bond (ICB)
- 3) Update & maintain Certificate of Financial Responsibility (COFR)
- 4) Comply with Electronic Notice of Arrival/Departure System (e-NOA/NOD)

These are essential requirements for complying with U.S. maritime regulations and ensuring safe operations.

8. Transportation and Terminal Operations

8.1 Inland Haulage/Transportation

- Pre-carriage booking required minimum 72 hours in advance.
- Weight restrictions apply: Max 26 tons for 20' container, 28 tons for 40' container.
- Weight and dimension restrictions apply for road and rail transport.
- Special permits may be required for oversized or overweight cargo.
- Compliance with local transportation safety regulations is mandatory.

8.2 Terminal Operations

- Free time at terminal: 7 calendar days from discharge.
- Reefer containers: Max 3 days free time, electricity charges apply from day 1.
- Cut-off times for cargo delivery to port must be strictly observed.
- Free time allowances vary by port and cargo type.
- Storage charges apply after free time expiration as per published tariffs.

9. Customer Service

- 24Hours/7Days customer support available via phone and email.
- Track and trace available through online portal and mobile app.
- Claims must be submitted within 3 days of delivery for visible damage, 7 days for non-visible damage.

10. Environmental Policy

- Commitment to reduce CO2 emissions by 40% by 2030 (baseline 2008).
- Use of low-sulfur fuel in all vessels.
- Electronic documentation encouraged to reduce paper waste.

11. Special Services

11.1 Reefer Cargo

- Pre-trip inspection (PTI) mandatory for all reefer containers, including the temperature requested by the customer.
- Temperature logs provided upon request.
- Generator set available for inland transport, must be requested 48 hours in advance.

11.2 Project Cargo

- Detailed cargo specifications required 14 days before vessel arrival.
- Engineering team available for custom loading plans.
- Special equipment (flat racks, open tops) subject to availability.

12. Customs and Regulatory Compliance

- Shippers are responsible for ensuring compliance with all applicable customs regulations.
- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations.

13. Payment Terms

- Credit customers: Payment due within 30 days of Bill of Lading date.

- Non-credit customers: Payment required before issuance of Bill(s) of Lading and/or release of cargo.
- Accepted payment methods: Bank transfer, letter of credit, cash against documents.

14. Insurance

- CHERRY strongly recommends that customers obtain adequate cargo insurance.
- CHERRY's liability is limited as per the terms and conditions of the B/L.
- CHERRY shall take out an additional insurance such as Ship Owners' Liability (SOL) Insurance depending on the characteristics of the cargo, the value of the invoice of the cargo, and the location where the cargo was loaded on the ship.

15. Claims and Liability

- All claims must be submitted in writing within 3 days of delivery for visible damage, and 7 days for non-visible damage.
- CHERRY's liability is governed by the terms and conditions printed on the reverse of the B/L.

16. Amendments and Corrections

Amendments to B/Ls after issuance are subject to a fee and approval by CHERRY.
Corrections due to customer error may incur additional charges.

CHERRY Shipping Line: United Arab Emirates (UAE)

- Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Minimum of three original copies required
 - Must be marked as "Original" or "Original Bill of Lading" or "Surrendered"
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Paperless alternative to traditional B/L
 - Must comply with UAE electronic transaction laws

1.2 Shipper Details

- Full legal name of the shipper (company or individual)
- Complete physical address including street, city, state/province, and country
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
 - Fax number (if available)
- P.O. Box can be included as additional information, but cannot replace physical address

1.3 Consignee Details

- Full legal name of the consignee (must be a company registered in the UAE)
- Complete physical address in the UAE including:
 - Building name/number
 - Street name/number
 - City
 - Emirate
- UAE trade license number or company registration number
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
 - Fax number (if available)
- P.O. Box can be included but cannot replace physical address

- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be a UAE registered company

1.4 Notify Party Details

- Full legal name of the notify party (must be a company registered in the UAE)
- Complete physical address in the UAE (same format as consignee)
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
 - Fax number (if available)
- P.O. Box can be included but cannot replace physical address
- For "To Order" B/Ls, notify party must include UAE trade license number

1.5 Cargo Description

- Detailed and accurate description of goods including:
 - Common trade name
 - Material composition
 - Intended use
 - Brand name (if applicable)
- Specific details required for certain commodities:
 - For chemicals: CAS number, UN number, and IMDG class
 - For machinery: Make, model, and serial number
 - For textiles: Fiber content and construction (e.g., 100% cotton, woven)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"

1.6 Harmonized System (HS) Codes

- 6-digit HS code required for all items
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest UAE Customs tariff

1.7 Packaging Details

- Outer packaging:
 - Type (e.g., cartons, pallets, drums, crates)
 - Number of each type
 - Dimensions and weight of each package type
- Inner packaging:
 - Description of how goods are packed within outer packaging

- Number of units per inner package
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All charges must be clearly itemized on the B/L, including:
 - Ocean freight
 - Terminal handling charges
 - Documentation fees
 - Any other applicable surcharges
- Currency must be specified (preferably in USD or AED)
- Indicate whether charges are prepaid or collect
- For "Freight Collect" shipments, obtain prior approval from CHERRY's UAE office

2. Operational Requirements

2.1 Payment Terms

- Freight collect shipments:
 - Require prior approval from CHERRY's UAE office
 - Credit checks may be conducted on the consignee
- Mandatory collect charges in UAE:
 - Destination Delivery Order Fee
 - Terminal handling charges at destination
 - Container cleaning fees (if applicable)
- All origin charges must be prepaid unless otherwise agreed

2.2 Part Load B/Ls

- Acceptable for FCL (Full Container Load) shipments
- All B/Ls for a single container must have the same consignee
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Permitted upon request
- Additional fees may apply
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Transit Cargo

- Accepted on consignee's risk and expense
- CHERRY's responsibility ends at discharge port
- Transit cargo must be declared on the B/L
- Special documentation may be required for certain commodities

3. Restrictions and Prohibited Items

3.1 Waste Materials

- Strict prohibition on import/export/transit of waste materials without proper approvals
- Regulated under UAE Federal Law No. 24 of 1999 on Protection and Development of the Environment
- Advance notification required for approved waste shipments:
 - Submit to Ministry of Climate Change and Environment
 - Deadline: 60 days before expected arrival
- Waste Electrical and Electronic Equipment (WEEE) subject to specific regulations

3.2 Personal Effects and Used Vehicles

- Personal effects:
 - Must be handled by approved freight forwarders or moving companies
 - Detailed packing list required
 - Value declaration for each item
 - Original passport copy of owner required
- Used vehicles:
 - Age restriction: Not older than 5 years for passenger vehicles
 - Must meet UAE safety and environmental standards
 - Original vehicle documents required
 - Pre-shipment inspection certificate mandatory

3.3 Prohibited Items

- Comprehensive list of prohibited items:
 - Alcoholic beverages
 - Pork and pork products
 - Weapons, ammunition, and explosives
 - Pornographic or seditious materials
 - Narcotics and psychotropic substances
 - Counterfeit currency and goods
 - Ivory and endangered species products
 - Asbestos and products containing asbestos
 - Radioactive materials (unless approved by UAE Nuclear Energy Corporation)

4. Dangerous Goods Regulations

4.1 General Requirements

- Compliance with latest IMDG Code mandatory
- Dangerous Goods Declaration required for all hazardous shipments
- Material Safety Data Sheet (MSDS) in English and Arabic
- Proper UN packaging and labeling
- Advance booking required: Minimum 7 days before vessel arrival

4.2 Classes of Dangerous Goods

- Class 1: Explosives (special permits required)
- Class 2: Gases (flammable, non-flammable, toxic)
- Class 3: Flammable liquids
- Class 4: Flammable solids
- Class 5: Oxidizing substances and organic peroxides
- Class 6: Toxic and infectious substances
- Class 7: Radioactive materials (special approval required)
- Class 8: Corrosive substances
- Class 9: Miscellaneous dangerous substances and articles

4.3 Stowage and Segregation

- Strict adherence to IMDG Code stowage and segregation requirements
- Special stowage requirements for certain classes (e.g., on deck only for some substances)
- Segregation between incompatible dangerous goods must be maintained

4.4 Documentation for Dangerous Goods

- Dangerous Goods Declaration (DGD) must include:
 - Proper shipping name
 - UN number
 - Class/division
 - Packing group
 - Flashpoint (if applicable)
 - Number and type of packages
 - Net quantity of dangerous goods
- Container/Vehicle Packing Certificate
- Waste Movement Document (for hazardous waste)

4.5 Port-Specific Requirements

- Abu Dhabi Ports:
 - Advance notification: 48 hours prior to vessel arrival
 - Special handling procedures for Classes 1 and 7
- Jebel Ali Port:
 - Dangerous goods permit required for all hazardous shipments
 - Specific storage areas designated for different classes
- Fujairah Port:
 - Restrictions on certain classes during high temperature months
 - Additional safety measures for bulk liquid dangerous goods

4.6 Transit of Dangerous Goods

- Transit of dangerous goods through UAE ports subject to approval

- Advance notification required: 72 hours before vessel arrival
- Transit time limitations may apply for certain classes
- Additional documentation may be required for transit shipments

5. Scheduling and Documentation Timeline

5.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival
- Submission of shipping instructions: 3 working days before vessel arrival
- Dangerous goods declaration: 7 days before vessel arrival
- VGM (Verified Gross Mass) submission: As per terminal cut-off times

5.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

5.3 Post-Arrival

- Customs clearance initiation: Within 24 hours of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to terminal policies)

6. Demurrage on Exported & Imported Cargoes

6.1 Import Demurrage

- Free time: Typically 5-7 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

6.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

6.3 Special Considerations

- Reefer containers have shorter free time and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to terminal discretion)

7. Non-Working Holidays

7.1 National Holidays

- New Year's Day (January 1)
- Eid Al Fitr (dates vary, typically 3 days)
- Arafat Day and Eid Al Adha (dates vary, typically 3-4 days)
- Islamic New Year (date varies)
- Prophet Muhammad's Birthday (date varies)

- Commemoration Day (November 30)
- National Day (December 2-3)

7.2 Impact on Operations

- Customs offices may be closed or operating with reduced staff
- Port operations may be limited or suspended
- Documentation processing may be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

8. Port and Customs Working Hours

8.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 07:00 - 23:00, Saturday to Thursday
- Friday: Limited operations (varies by port)

8.2 Customs Working Hours

- Regular working hours: Sunday to Thursday, 07:30 - 14:30
- Extended hours available at major ports (e.g., Jebel Ali) until 18:00
- Friday and Saturday: Closed (except for emergency operations)
- Ramadan working hours may differ

9. Additional Requirements

9.1 Customs and Regulatory Compliance

- Adherence to UAE Customs Law and regulations
- Compliance with UAE free zone regulations for shipments to/from free zones
- Proper licenses and permits for restricted goods
- CHERRY reserves the right to refuse non-compliant shipments

9.2 Advance Notification

- Required for:
 - Dangerous goods (72 hours prior to arrival)
 - Oversized or heavy lift cargo (7 days prior to arrival)
 - Live animals (48 hours prior to arrival)
 - Perishable goods (24 hours prior to arrival)

9.3 Container Weight Verification

- Verified Gross Mass (VGM) required as per SOLAS regulations
- Two permissible methods:
 1. Weighing the packed container
 2. Weighing all packages and cargo items, including packing and securing material
- VGM must be submitted before container is loaded onto the vessel
- Deadline: As per individual terminal cutoff times

9.4 Temperature-Controlled Cargo

- Specific temperature range must be stated on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset must be arranged for inland transportation
- Summer month restrictions:
 - Certain perishables prohibited from June 1 to September 30
 - Special packaging requirements for heat-sensitive goods

9.5 High-Value Cargo

- Definition: Goods valued at over USD 1,000,000 per container
- Special security measures:
 - Sealed high-security locks
 - GPS tracking devices
 - Armed guards (subject to UAE regulations)
- Additional documentation:
 - Itemized value list
 - Special insurance certificates
 - Bank guarantee may be required

10. CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

11. Contact Information

For any queries or clarifications regarding shipments to/from U.A.E. (United Arab Emirates), please contact:

Rais Hassan Saadi L.L.C.

Address: P.O. Box 7, Dubai, U.A.E.

Phone: 9714 3521515

Email: mujahid@raishassansaadi.com

Operating Hours: 08:00 ~ 17:00

24/7 Emergency Contact: 9714 5067150, 97 050 6515072

Person in Charge in 24/7 Emergency Contact: Capt. Syed Mujahid Hassan

12. Policy Updates

This policy is subject to change. Always refer to the most recent version for up-to-date information.

Last updated: 1 July, 2024

CHERRY Shipping Line: United States of America (USA) - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L)

- Original Bills of Lading (OBL) and Sea Waybills (SWB) accepted
- Electronic Bills of Lading (e-B/L) available upon request
- Minimum of three original copies required for OBLs
- Must be marked as "Original" or "Original Bill of Lading"
- For "To Order" B/Ls, the notify party must be a company located in the USA
- Amendments after issuance subject to approval and fees

1.2 Shipper Details

- Full name and complete physical address mandatory
- Contact information (phone and email) required
- P.O. Box alone is not sufficient

1.3 Consignee Information

- Full name and complete physical address mandatory
- Contact information (phone and email) required
- For "To Order" B/Ls, notify party must be a company located in the USA

1.4 Notify Party Details

- Must be a company located in the USA
- Full name and complete address mandatory
- Contact information (phone and email) required

1.5 Tax Identification Numbers

- Employer Identification Number (EIN) required for business entities
- Social Security Number (SSN) for individual consignees
- Format: XX-XXXXXXX (for EIN) or XXX-XX-XXXX (for SSN)

1.6 Cargo Description

- Detailed and accurate description of goods mandatory
- Generic terms like "Consolidated Cargo" or "Said to Contain" not accepted
- Harmonized Tariff Schedule (HTS) codes required
- Must include:
 - Precise commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)

1.7 Harmonized System (HS) Codes

- 6-digit HS code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes

1.8 Packaging Details

- Both outer and inner packaging details must be provided
- Number of packages and type of packaging must be specified
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.9 Freight Details

- If charges are to be shown, breakdown is preferable
- Currency must be specified (preferably in USD or QAR)
- Indicate whether charges are prepaid or collect

1.10 General Requirements

- CBM (Cubic Meter) mandatory on all B/Ls
- Freight and charges must be itemized
- Seal number mandatory for all container shipments
- 6-digit H.S. Code mandatory
- Gross weight in kilograms, rounded to two decimal places
- VGM (Verified Gross Mass) must be provided before container loading

1.11 Operational Requirements

1.11.1 Payment Terms

- Freight collect is possible with prior approval from CHERRY's Qatar office
- All local charges in Qatar must be on collect basis

1.11.2 Part Load B/Ls

- Part load B/Ls are acceptable
- Consignee must be the same on all B/Ls

1.11.3 Printing B/L at Destination

- Not accepted

1.11.4 Transit Cargo

- No transshipments allowed

2. Customs and Regulatory Compliance

2.1 U.S. Customs and Border Protection (CBP) Requirements

- Automated Manifest System (AMS) filing:
 - Required 24 hours before vessel loading at foreign port

- Must include detailed cargo description, consignee information, and container details
- AMS filing number must be provided to CHERRY before cargo acceptance
- Importer Security Filing (ISF or 10+2):
 - Required 24 hours before vessel loading for all ocean shipments
 - 10 data elements from importer, 2 from carrier
 - \$5,000 penalty per violation for late, incomplete, or inaccurate filings
- Compliance with Container Security Initiative (CSI) mandatory
- Trade Act of 2002 compliance required

2.2 CHERRY's U.S. Port Compliance

- Maintain valid Standard Carrier Alpha Code (SCAC)
 - Update annually with the National Motor Freight Traffic Association
- Maintain International Carrier Bond (ICB)
 - Minimum \$50,000 bond required
 - Must be filed with CBP
- Maintain Certificate of Financial Responsibility (COFR)
 - Required for vessels over 300 gross tons
 - Must demonstrate ability to pay for potential oil spill cleanup
- Comply with Electronic Notice of Arrival/Departure System (e-NOA/D):
 - Submit notices electronically to the National Vessel Movement Center
 - Arrival notice: At least 96 hours before arriving at a U.S. port
 - Departure notice: At least 60 minutes before departure
 - Include vessel details, crew and passenger information, cargo specifics, and security information

2.3 Automated Manifest System (AMS) Details

- Electronic transmission of cargo manifests to CBP
- Required data elements:
 - Vessel details (name, IMO number, voyage number)
 - Bill of Lading information
 - Container numbers and seal numbers
 - Detailed cargo description
 - Shipper, consignee, and notify party details
- Amendments and updates:
 - Allowed up to 24 hours after vessel departure
 - May be subject to penalties if not timely or accurate

2.4 Food and Drug Administration (FDA) Requirements

- Prior Notice required for all food shipments:
 - Submit electronically through FDA's PNSI system

- Timeframe: No more than 15 calendar days and no less than 8 hours before arrival
- Registration required for food facilities:
 - Biennial renewal required
 - Unique facility identifier must be included in all shipments

2.5 USDA Requirements

- Phytosanitary certificates required for plant products
- ISPM 15 compliance mandatory for wood packaging materials:
 - Must be heat treated or fumigated
 - Properly marked with IPPC logo and treatment code

3. Cargo Restrictions and Requirements

3.1 Prohibited Items

- Narcotics and illegal substances
- Counterfeit goods
- Certain agricultural products without proper certification
- Products from sanctioned countries
- Alcoholic beverages
- Pork and pork products
- Weapons and ammunition
- Pornographic materials
- Narcotics and psychotropic substances
- Any items contrary to Islamic teachings

3.2 Restricted Items (Subject to special permits/licenses)

- Firearms and ammunition (ATF permit required)
- Hazardous materials (subject to DOT regulations)
- Perishable goods (FDA regulations apply)
- Alcoholic beverages (TTB permit required)
- Pharmaceuticals (FDA approval required)
- Live animals (require special permits)
- Plants and plant products (subject to quarantine)
- Pharmaceuticals (require approval from Qatar's Ministry of Public Health)
- Telecommunication equipment (requires approval from Communications Regulatory Authority)

3.3 Personal Effects/Household Goods

- Detailed packing list required
- CBP Form 3299 (Declaration for Free Entry of Unaccompanied Articles) may be required
- Subject to inspection and possible duties/taxes

3.4 Dangerous Goods

- Compliance with DOT Hazardous Materials Regulations
- Advance booking and approval required (minimum 72 hours before vessel arrival)
- Dangerous Goods Declaration and Safety Data Sheet (SDS) mandatory
- IMDG segregation rules must be followed
- Special handling fees may apply

4. Terminal Operations and Inland Transportation

4.1 Terminal Operations

- Free time at terminal: 4 calendar days from discharge (subject to individual port regulations)
- Cut-off times for cargo delivery to port must be strictly observed
- Reefer containers: Max 3 days free time, electricity charges apply from day 1
- Storage charges apply after free time expiration as per published tariffs

4.2 Inland Haulage/Transportation

- Compliance with DOT weight restrictions:
 - Maximum 80,000 lbs gross vehicle weight on interstate highways
 - State-specific regulations may apply for intrastate transportation
- Electronic Logging Device (ELD) compliance for trucking operations
- TWIC (Transportation Worker Identification Credential) required for drivers accessing port facilities
- Pre-carriage booking required minimum 72 hours in advance

5. Customs Clearance Procedures

5.1 Import Procedures

- Customs clearance required before cargo release
- Formal entry required for shipments valued over \$2,500
- Automated Broker Interface (ABI) system used for entries
- Types of entries:
 - Consumption Entry (Type 01)
 - Warehouse Entry (Type 21)
 - Temporary Importation Under Bond (TIB) (Type 23)
- Liquidation typically occurs within 314 days of entry

5.2 Export Procedures

- Electronic Export Information (EEI) filing through AESDirect for shipments over \$2,500
- Submission deadline: 24 hours before vessel departure
- Export licenses required for certain commodities (e.g., military goods, high-tech items)

6. Transshipment Cargo

6.1 General Requirements

- Separate documentation required for transshipment cargo
- Minimum connection time: 72 hours for FCL, 96 hours for LCL
- In-bond transportation for cargo moving through the U.S. to a foreign destination

6.2 In-Bond Procedures

- CBP Form 7512 (Transportation Entry and Manifest of Goods Subject to CBP Inspection and Permit) required
- Types of in-bond movements:
 - Immediate Transportation (IT)
 - Transportation and Exportation (T&E)
 - Immediate Exportation (IE)
- Electronic in-bond (QP/WP) filing mandatory
- Maximum 30-day transit time for most in-bond movements

6.3 Transshipment Restrictions

- Certain commodities prohibited from in-bond movement (e.g., explosives, firearms)
- Transshipment of food products subject to FDA Prior Notice requirements
- Bonded carrier must be used for in-bond transportation

7. Special Cargo Handling

7.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory

7.2 Reefer Cargo

- Compliance with FDA regulations for food safety
- Temperature logs must be provided upon request
- Pre-trip inspection (PTI) mandatory for all reefer containers
- Genset available for inland transport, must be requested 48 hours in advance
- Temperature settings must be clearly specified on booking and B/L
- Special requirements apply during summer months (May to October) for:
 - Juices, soft drinks, drinks of all kinds (except concentrated)
 - Chocolates
 - Stuffed biscuits (wafers)
 - Children's liquid foods and mashed foods
 - Pastries and baked goods

7.3 Project Cargo

- Detailed cargo specifications required 14 days before vessel arrival
- Engineering team available for custom loading plans

- Special equipment (flat racks, open tops) subject to availability
- Oversized cargo may require special permits for inland transportation

7.4 High-Value Cargo

- Special security measures may be required for high-value shipments
- Additional documentation may be necessary

8. Environmental and Safety Compliance

8.1 Emissions Control

- Compliance with EPA emissions standards in U.S. waters
- Use of low-sulfur fuel as per MARPOL Annex VI requirements
- Vessel Speed Reduction Program compliance in certain coastal areas

8.2 Ballast Water Management

- Compliance with U.S. Coast Guard ballast water management regulations
- Ballast Water Management Plan required for each vessel
- Ballast water exchange or treatment system mandatory

9. Insurance and Liability

- CHERRY's liability governed by U.S. COGSA (Carriage of Goods by Sea Act)
- Limitation of liability: \$500 per package or customary freight unit
- Additional insurance recommended for high-value shipments
- All-risk cargo insurance available through CHERRY's preferred providers

10. Claims and Dispute Resolution

- Claims must be submitted in writing within 3 days of delivery for visible damage, 7 days for non-visible damage
- Supporting documentation required: survey report, commercial invoice, packing list
- Disputes subject to U.S. maritime law and jurisdiction
- Arbitration in New York as per CHERRY's Bill of Lading terms

11. Demurrage and Detention

11.1 Demurrage (Port/Terminal Storage)

- Free time: 4 calendar days from vessel discharge
- Charges begin on the 5th day
- Rates:
 - Days 5-9: \$100 per container per day
 - Days 10+: \$200 per container per day
- Applicable to all container types (dry, reefer, special equipment)
- Weekends and holidays counted

11.2 Detention (Container Usage)

- Free time:
 - For dry containers: 7 calendar days from gate-out

- For reefer containers: 5 calendar days from gate-out
- Charges begin after free time expires
- Rates:
 - 20' Dry Container: \$95 per day
 - 40' Dry Container: \$125 per day
 - 20' Reefer Container: \$200 per day
 - 40' Reefer Container: \$250 per day
 - Special Equipment (Flat Racks, Open Tops): \$150 per day
- Weekends and holidays counted

11.3 Combined Demurrage/Detention

- Total free time (port + outside): 11 calendar days for dry, 9 for reefer
- Thereafter, higher of demurrage or detention rate applies

11.4 Disputes and Waivers

- All disputes must be submitted in writing within 30 days of invoice date
- Force majeure events may qualify for waivers (e.g., port strikes, severe weather)
- Government inspections do not automatically qualify for waivers

12. Import Embargoes and Restrictions

12.1 Embargoed Countries

- CHERRY Shipping Line does not accept cargo from or to countries under full U.S. embargo, including:
 - Cuba
 - Iran
 - North Korea
 - Syria
 - Crimea region of Ukraine

12.2 Restricted Imports

The following items are subject to strict import controls or prohibitions:

1. Narcotic drugs and drug paraphernalia
2. Counterfeit currency and goods
3. Obscene or immoral articles
4. Products made by forced labor
5. Cultural artifacts and archaeological items without proper documentation
6. Certain animal and plant species (as per CITES regulations)
7. Cuban cigars
8. Absinthe and other spirits containing thujone
9. Certain dog and cat fur products
10. Meat products from specific countries (subject to USDA regulations)
11. Unlicensed prescription drugs

12. Switchblade knives

13. Lottery tickets

14. Products that violate U.S. intellectual property laws

12.3 Conditional Imports

The following items require special permits, licenses, or face restrictions:

1. Firearms and ammunition (ATF permit required)
2. Alcoholic beverages (TTB permit required)
3. Certain food products (FDA prior notice required)
4. Pesticides (EPA registration required)
5. Motor vehicles (must comply with DOT and EPA standards)
6. Radio frequency devices (FCC approval required)
7. Wildlife and wildlife products (USFWS permit may be required)

12.4 Dangerous Goods Import Prohibition

- CHERRY Shipping Line does not accept any dangerous goods for import into the USA
- This includes all classes of hazardous materials as defined by the International Maritime Dangerous Goods (IMDG) Code
- Exceptions may be made for certain less hazardous items (Class 9) on a case-by-case basis, subject to prior approval and strict compliance with U.S. regulations

13. Additional USA-Specific Requirements

13.1 10+2 Importer Security Filing (ISF)

- Required for all ocean freight shipments
- Must be filed 24 hours before vessel loading
- \$5,000 penalty per late, inaccurate, or incomplete filing
- CHERRY can file ISF on behalf of importers for a fee

13.2 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Heat treatment or fumigation required
- Proper IPPC marking mandatory

13.3 Textile Declaration

- Required for all textile and apparel shipments
- Must declare country of origin and manufacturing details

13.4 FDA Prior Notice

- Mandatory for all food, beverage, and dietary supplement imports
- Must be filed no more than 15 days and no less than 8 hours before arrival

13.5 Lacey Act Requirements

- Applicable to certain plant and plant product imports
- Declaration of species, country of harvest, and quantity required

14. Specific Qatar Requirements

14.1 Documentation

- All shipping documents must be in Arabic or English
- Legalization of documents may be required for certain shipments

14.2 Import License

- Many goods require an import license from the Ministry of Economy and Commerce

14.3 Certificate of Origin

- Required for all shipments
- Must be authenticated by the Chamber of Commerce in the country of origin

14.4 Halal Certification

- Required for all meat and poultry products
- Must be issued by an Islamic center approved by Qatar authorities

14.5 Commercial Registration

Importers must have a valid commercial regis

This policy is subject to change. Always refer to the most recent version for up-to-date information. For any questions or clarifications, please contact CHERRY Shipping Line's U.S. customer service department.

CHERRY Shipping Line: Qatar - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)
- Electronic Bill of Lading (e-B/L) - subject to Qatar's electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- P.O. Box is acceptable as additional information only

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- Must be a company registered in Qatar
- P.O. Box is acceptable as additional information
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be a Qatar registered company

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- Must be a company registered in Qatar
- P.O. Box is acceptable as additional information

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Use of vague terms like "Said to Contain" is not permitted
- Must include:
 - Precise commodity description

- Number of packages
- Type of packages (e.g., pallets, cartons, drums)

1.6 Harmonized System (HS) Codes

- 6-digit HS code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Number of packages and type of packaging must be specified
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- If charges are to be shown, breakdown is preferable
- Currency must be specified (preferably in USD or QAR)
- Indicate whether charges are prepaid or collect

2. Operational Requirements

2.1 Payment Terms

- Freight collect is possible with prior approval from CHERRY's Qatar office
- All local charges in Qatar must be on collect basis

2.2 Part Load B/Ls

- Part load B/Ls are acceptable
- Consignee must be the same on all B/Ls

2.3 Printing B/L at Destination

- Not accepted

2.4 Transit Cargo

- No transshipments allowed

3. Restrictions and Prohibited Items

3.1 Prohibited Items

- Alcoholic beverages
- Pork and pork products
- Weapons and ammunition
- Pornographic materials
- Narcotics and psychotropic substances
- Any items contrary to Islamic teachings

3.2 Restricted Items

- Live animals (require special permits)

- Plants and plant products (subject to quarantine)
- Pharmaceuticals (require approval from Qatar's Ministry of Public Health)
- Telecommunication equipment (requires approval from Communications Regulatory Authority)

4. Additional Requirements

4.1 Customs and Regulatory Compliance

- All shipments must comply with Qatar customs regulations
- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations

4.2 Advance Notification

- For certain commodities, advance notification and approval may be required from relevant Qatar authorities

4.3 Container Weight Verification

- Verified Gross Mass (VGM) must be provided before container loading as per SOLAS regulations

5. Special Handling Requirements

5.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory

5.2 Temperature-Controlled Cargo

- Temperature settings must be clearly specified on booking and B/L
- Special requirements apply during summer months (May to October) for:
 - Juices, soft drinks, drinks of all kinds (except concentrated)
 - Chocolates
 - Stuffed biscuits (wafers)
 - Children's liquid foods and mashed foods
 - Pastries and baked goods

CHERRY Shipping Line: Saudi Arabia - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)
- Electronic Bill of Lading (e-B/L) - subject to Saudi Arabia's electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Telephone number with country and area code (mandatory)
- P.O. Box is acceptable as additional information only

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Telephone number with country and area code (mandatory)
- Must be a company registered in Saudi Arabia
- Foreign consignee names are not acceptable
- P.O. Box is acceptable as additional information
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be a Saudi Arabia registered company

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Telephone number with country and area code (mandatory)
- Must be a company registered in Saudi Arabia
- P.O. Box is acceptable as additional information

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Use of vague terms like "Said to Contain" is not permitted
- Must include:
 - Precise commodity description

- Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- For dangerous goods:
 - Both outer and inner packaging details required
 - Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- HS code is not required for customs manifest
- However, it's recommended to include 8-digit HS code for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Number of packages and type of packaging must be specified
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges must be clearly stated on the B/L
- Breakdown of charges is mandatory
- Currency must be specified (preferably in USD or SAR)
- Indicate whether charges are prepaid or collect

2. Operational Requirements

2.1 Payment Terms

- Freight collect is possible with prior approval from CHERRY's Saudi Arabia office
- All refrigerated shipments must be prepaid for Saudi destinations
- Certain local charges must always be collected at destination, including:
 - Destination Delivery Order Fee (DDF)
 - Terminal handling charges at destination
 - Container cleaning fees (if applicable)

2.2 Part Load B/Ls

- Part load B/Ls are acceptable
- Consignee must be the same on all B/Ls

2.3 Printing B/L at Destination

- Acceptable for straight B/Ls only
- May incur additional fees

2.4 Transit Cargo

- Accepted with specific clauses on B/L and manifest

- Must state "Cargo in transit to [destination] under count and risk of consignee"

3. Restrictions and Prohibited Items

3.1 Prohibited Items

- Alcoholic beverages and narcotics
- Pork and pork products
- Pornographic or seditious materials
- Israeli goods or goods containing Israeli components
- Weapons, ammunition, and explosives (without proper permits)
- Counterfeit currency and goods
- Goods infringing on intellectual property rights

3.2 Restricted Items

- Live animals (require special permits)
- Plants and plant products (subject to quarantine)
- Pharmaceuticals (require approval from Saudi Food and Drug Authority)
- Telecommunication equipment (requires approval from Communications and Information Technology Commission)
- Used vehicles (age restrictions apply)

4. Additional Requirements

4.1 Customs and Regulatory Compliance

- All shipments are subject to 100% customs inspection
- All shipments must comply with Saudi customs regulations
- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations

4.2 Advance Notification

- Required for:
 - Dangerous goods (72 hours prior to arrival)
 - Oversized or heavy lift cargo (7 days prior to arrival)
 - Live animals (48 hours prior to arrival)
 - Perishable goods (24 hours prior to arrival)

4.3 Container Weight Verification

- Verified Gross Mass (VGM) must be provided before container loading as per SOLAS regulations

5. Special Handling Requirements

5.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory
- Pre-approval from customs and shipping agent required

5.2 Temperature-Controlled Cargo

- Temperature settings must be clearly specified on booking and B/L
- Special requirements apply during summer months
- Reefer containers: Maximum 3 days free time, electricity charges apply from day 1

5.3 High-Value Cargo

- Special security measures may be required for high-value shipments
- Additional documentation may be necessary

5.4 Palletization Requirements

- All containers discharged in Saudi ports must comply with palletization rules
- No pallet or unit may exceed 2000 kg (4400 lbs)
- Exceptions include:
 - Bulk materials (e.g., grains, cement)
 - Heavy machinery and equipment
 - Items that cannot be palletized due to their nature

5.5 Building Materials

- Must be palletized or unitized
- Allows handling by forklift truck

5.6 Cars and Vehicles

- Must be unlocked and accompanied by keys for customs examination
- Applies to all Saudi ports

6. Specific Saudi Arabia Requirements

6.1 Documentation

- All shipping documents must be in Arabic or English
- Legalization of documents may be required for certain shipments

6.2 Import License

- Required for most goods, issued by Ministry of Commerce and Investment

6.3 Certificate of Origin

- Required for all shipments
- Must be authenticated by the Chamber of Commerce in the country of origin

6.4 Halal Certification

- Required for all meat and poultry products
- Must be issued by an Islamic center approved by Saudi authorities

6.5 SASO Certification

- Required for many consumer goods
- Issued by Saudi Standards, Metrology and Quality Organization

7. Customs Clearance Procedures

7.1 Pre-arrival Clearance

- Available for certain types of goods

- Requires submission of documents prior to vessel arrival

7.2 Physical Inspection

- All containers are subject to potential customs inspection
- Devanning and revaning may be required for all shipments

7.3 Customs Duties

- Payable on most imported goods
- Rates vary depending on the type of goods

8. Additional Saudi-Specific Regulations

8.1 Vehicle Importation

- Passenger cars must not exceed 5 years of age
- Heavy trucks must not exceed 10 years of age
- Antique cars (30+ years old) allowed under specific conditions

8.2 Wood Packaging

- Must comply with ISPM 15 regulations
- Proper marking indicating heat treatment or fumigation required

8.3 Food and Agricultural Products

- Subject to strict regulations and inspections
- May require additional certificates from country of origin

9. Contact Information

For any queries or clarifications regarding shipments to/from Saudi Arabia, please contact:

- P.O. Box alone is not sufficient

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Inner packaging details with total number of packages required
- Must include:
 - Precise commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Country of origin label should be included

1.6 Harmonized System (HS) Codes

- HS codes are required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Number of packages and type of packaging must be specified
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- If charges are to be shown, breakdown is preferable
- Currency must be specified (preferably in USD or JOD)
- Indicate whether charges are prepaid or collect

2. Operational Requirements

2.1 Payment Terms

- Freight collect is possible with prior approval from CHERRY's Jordan office
- Certain local charges may need to be prepaid
- THD & RHD charges must follow the freight terms

2.2 Part Load B/Ls

- Part load B/Ls (FCL container with more than one B/L) are not accepted

2.3 Printing B/L at Destination

- Not permitted

2.4 Transit Cargo

- Accepted on consignee's risk and account
- CHERRY's responsibility ceases at the discharging port
- Special clauses must be inserted in the B/L and manifest:
 - "IN TRANSIT TO [DESTINATION] ON C/NEE RISK & ACCOUNT"

3. Restrictions and Prohibited Items

3.1 Prohibited Items

- Narcotics and psychotropic substances
- Weapons and ammunition without proper permits
- Pornographic materials
- Israeli goods or goods containing Israeli components
- Used clothing

3.2 Restricted Items

- Cigarettes and Tobacco:
 - Special approval required from CHERRY's Jordan office

- Full consignee details (name, address, phone, email) must be provided at time of booking
- Vehicles:
 - Imported vehicles must not be more than 5 years old
- Telecommunication equipment - requires authorization by relevant authorities
- Pharmaceuticals - subject to approval from Ministry of Health

3.3 Waste and Scrap

- All scrap and waste cargoes are prohibited

4. Additional Requirements

4.1 Customs and Regulatory Compliance

- All shipments are subject to customs inspection
- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations

4.2 Advance Notification

- For certain commodities, advance notification and approval may be required from relevant Jordan authorities

4.3 Container Weight Verification

- Verified Gross Mass (VGM) must be provided before container loading as per SOLAS regulations

5. Special Handling Requirements

5.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory

5.2 Temperature-Controlled Cargo

- Temperature settings must be clearly specified on booking and B/L
- Special requirements may apply during summer months for certain commodities

5.3 High-Value Cargo

- Special security measures may be required for high-value shipments
- Additional documentation may be necessary

6. Specific Jordan Requirements

6.1 Documentation

- All shipping documents must be in Arabic or English
- Legalization of documents may be required for certain shipments

6.2 Import License

- Required for certain goods, issued by Ministry of Industry, Trade and Supply

6.3 Certificate of Origin

- Required for all shipments

- Must be authenticated by the Chamber of Commerce in the country of origin

6.4 Pre-Shipment Inspection

- May be required for certain goods
- Must be conducted by authorized inspection companies

6.5 JSMO Certification

- Jordan Standards and Metrology Organization (JSMO) certification required for many consumer goods

7. Customs Clearance Procedures

7.1 Customs Processing

- All shipments are subject to customs inspection
- Electronic customs declaration system (ASYCUDA World) is used

7.2 Customs Duties and Taxes

- Payable on most imported goods
- Rates vary depending on the type of goods
- Value Added Tax (VAT) applies to most imports

7.3 Free Zones

- Special customs procedures apply for goods destined to Jordan's free zones

8. Additional Jordan-Specific Regulations

8.1 Labeling Requirements

- Arabic labeling required for many consumer goods
- Country of origin must be clearly marked

8.2 Food and Agricultural Products

- Subject to strict regulations and inspections
- May require additional certificates from country of origin
- Halal certification required for meat and poultry products

8.3 Pharmaceutical and Medical Devices

- Require registration with Jordan Food and Drug Administration (JFDA)
- Special import procedures apply

9. Contact Information

CHERRY Shipping Line: Belgium - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)
- Electronic Bill of Lading (e-B/L) - allowed

1.2 Shipper Details

- Full name and postal address including country required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- You may show the actual shipper or the shipper's freight forwarder

1.3 Consignee Details

- Full name and postal address including country required
- For "to order" B/Ls:
 - Must be completed with full name and postal address including country of the consignee
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- Customer phone & email contact details are mandatory to facilitate correct & timely distribution of documentation

1.4 Notify Party Details

- Full name and postal address including country required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- Mandatory in case of consignee "to order"
- Customer phone & email contact details are mandatory to facilitate correct & timely distribution of documentation

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Must include:
 - Precise commodity description

- Number of packages
- Type of packages (e.g., pallets, cartons, drums)
- Pallets are not sufficient as a description
- Packing and number of packages on pallets must be mentioned

1.6 Harmonized System (HS) Codes

- B/L + Sea Waybill do not need to contain HS code(s)
- For manifest purposes: Any cargo / commodity mix up under one HS code should be avoided

1.7 Packaging Details

- Detailed packaging information required
- Preferably packages inclusive of specific package type instead of pallets
- In case of pallets, a detailed inner packing is required
- Inadequate definition of pallets and/or inner packing may result in customs inspections

1.8 Freight Details

- Optional to include charges
- If included, clearly itemize all charges

2. Operational Requirements

2.1 Payment Terms

- Collect charges are acceptable
- There are no special requirements
- DLF (Destination Logistics Fee): For shipments with WW connection NLRTM-WW-BEANR or BEANR-WW-NLRTM, the DLF follows the SEA charge

2.2 Part Load B/Ls

- Partload B/Ls are acceptable as per CHERRY Standard Rules

2.3 Printing B/L at Destination

- Acceptable

2.4 Transit Cargo

- The port in country "A" where the goods are discharged must be displayed in the Port of Discharge box
- In case of land transport in C/H to country "B", street, postal code, location and country must be displayed in the Place of Delivery box
- Minimum demand is postal code and location

3. Restrictions and Special Handling

3.1 Personal Effects, Private Goods, or Used Cars

CHERRY will only accept shipments with personal effects, private goods, or used cars to Belgium when the following criteria are fulfilled:

1. Shipment must be consigned to a named forwarder or moving company at local Destination (at least as notify)
2. Shipment can be booked only Port/Port
3. No Door Deliveries or Inland Ramp Deliveries will be accepted
4. Shipments booked by an unknown party need to be confirmed before loading in POL by CS team in POD Office
5. The shipper must inform the Consignee about the Booking and planned Arrival in time
6. It is not allowed to load tobacco, alcoholics and/or veterinary goods, and the shipper must confirm this is acknowledged
7. No additional Customs Clearance service by CHERRY can be booked
8. The detailed and readable Packing List needs to be uploaded in CHERRY system
9. The Consignee or Notify or payer collect must sign a confirmation of taking over costs for all additional costs incurred and the match code must have an AR-Account with credit for collect shipments

3.2 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory

3.3 Temperature-Controlled Cargo

- Temperature settings must be clearly specified on booking and B/L
- Special requirements may apply for certain commodities

3.4 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking

4. Customs and Regulatory Compliance

4.1 EU Customs Regulations

- All shipments must comply with EU and Belgian customs regulations
- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations

4.2 Advance Notification

- For certain commodities, advance notification and approval may be required from relevant Belgian authorities

4.3 Container Weight Verification

- Verified Gross Mass (VGM) must be provided before container loading as per SOLAS regulations

5. Specific Belgium Requirements

5.1 Documentation

- All shipping documents must be in Dutch, French, German, or English

- Legalization of documents may be required for certain shipments

5.2 Import License

- May be required for certain goods, issued by relevant Belgian authorities

5.3 Certificate of Origin

- May be required for certain shipments
- Must be authenticated by the Chamber of Commerce in the country of origin

5.4 Sanitary and Phytosanitary Certificates

- Required for certain food products, plants, and plant products

6. Customs Clearance Procedures

6.1 Customs Processing

- Electronic customs declaration system is used
- All shipments are subject to potential customs inspection

6.2 Customs Duties and Taxes

- Payable on most imported goods from non-EU countries
- Value Added Tax (VAT) applies to most imports

6.3 Bonded Warehouses and Free Zones

- Available for temporary storage and processing of goods

7. Additional Belgium-Specific Regulations

7.1 Waste Shipments

- Subject to strict regulations and prior notification procedures
- Compliance with EU Waste Shipment Regulation required

7.2 REACH Regulation

- Applies to chemical substances imported into the EU
- Importers may have registration obligations

7.3 Excise Goods

- Special procedures apply for alcohol, tobacco, and energy products

8. Contact Information

CHERRY Shipping Line: Canada - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)
- Electronic Bill of Lading (e-B/L) - available for most routes

1.2 Shipper Details

- True shipper required for ACI (Advance Commercial Information)
- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- If not possible on master B/L, then supplementary information must be submitted by direct filer or CHERRY

1.3 Consignee Details

- True consignee required for ACI
- Full name and complete address required
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- For ACI purposes, true consignee details are mandatory
- If not possible on master B/L, then supplementary information must be submitted by direct filer or CHERRY

1.4 Notify Party Details

- Full name and complete address required
- If straight B/L, notify party is optional
- For "to order" B/Ls, notify party should be the actual consignee for ACI purposes
- Contact information:
 - Email address (mandatory)
 - Phone number with country and area code (mandatory)
- If not possible on master B/L, then supplementary data must be filed by direct filer or CHERRY

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory

- Vague descriptions are not acceptable
- Must include:
 - Precise commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)

1.6 Harmonized System (HS) Codes

- Not required on B/L
- Recommended for customs purposes

1.7 Packaging Details

- Detailed packaging information required
- Both outer and inner packaging details must be provided
- Number of packages and type of packaging must be specified
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- Not required to be shown on B/L

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- No restrictions on collect charges for general cargo
- Due to the port of Vancouver being a free in/out port, terminal handling and wharfage charges are paid directly by the shipper/consignee to the terminal

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Freight can be split if required

2.3 Printing B/L at Destination

- Acceptable

2.4 Transit Cargo

- For cargo moving by truck via Port of Vancouver to the USA, from a Vancouver rail intermodal location to the
- , or from a Winnipeg rail intermodal location to the USA:
 - All shipments must comply with the guidelines of (one container per bill)
 - If not, potential Canada customs fines may apply
 - \$100 USD CBO fee per additional bill created

2.5 Special Requirements

- ACI (Advance Commercial Information) filing is mandatory for all Canada-bound cargo

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required
- Proper documentation and labeling mandatory
- Must comply with Transportation of Dangerous Goods (TDG) regulations

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Genset may be required for inland moves depending on the destination

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation may be required

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight varies by province and route
- Generally:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Rail Transportation

- All flatracks arriving in Canada for movement by rail are inspected by either CNR or CPR prior to their acceptance of movement
- Inspections apply to either in gauge or out of gauge cargo

4.3 Road Transportation

- Weight and dimension restrictions apply
- Special permits may be required for overweight or oversized cargo

5. Customs and Regulatory Compliance

5.1 Advance Commercial Information (ACI) Program

- Mandatory for all shipments to Canada
- Must be submitted 24 hours before loading at the foreign port

5.2 Canada Border Services Agency (CBSA) Regulations

- All shipments must comply with CBSA regulations

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations

5.3 Container Weight Verification

- Verified Gross Mass (VGM) must be provided before container loading as per SOLAS regulations

6. Specific Canada Requirements

6.1 Documentation

- All shipping documents must be in English or French
- Legalization of documents may be required for certain shipments

6.2 Import License

- May be required for certain goods, issued by relevant Canadian authorities

6.3 Certificate of Origin

- May be required for certain shipments, especially under free trade agreements

6.4 Phytosanitary Certificates

- Required for certain plant-based products

6.5 Food Shipments

- Subject to Canadian Food Inspection Agency (CFIA) regulations
- May require additional documentation and inspections

7. Customs Clearance Procedures

7.1 Customs Processing

- Electronic customs declaration system is used
- All shipments are subject to potential customs inspection

7.2 Customs Duties and Taxes

- Payable on most imported goods
- Goods and Services Tax (GST) applies to most imports
- Provincial Sales Tax (PST) or Harmonized Sales Tax (HST) may apply depending on the province of import

7.3 Free Trade Agreements

- Special procedures may apply for goods eligible under various free trade agreements (e.g., CUSMA/USMCA)

8. Additional Canada-Specific Regulations

8.1 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Proper marking indicating heat treatment or fumigation required

8.2 Hazardous Waste Shipments

- Subject to strict regulations and prior notification procedures
- Compliance with Canadian Environmental Protection Act required

8.3 Textile Labeling

- Special labeling requirements apply for textile and apparel products

CHERRY Shipping Line: Netherlands - Company Policy and Shipping Requirements

1. Introduction

This policy outlines CHERRY Shipping Line's operational guidelines and requirements for shipments to and from the Netherlands. All employees, agents, and customers must adhere to these policies to ensure smooth operations and compliance with Dutch and EU regulations.

2. Documentation Requirements

2.1 Bill of Lading (B/L)

- We accept Original Bill of Lading (OBL), Sea Waybill (SWB), and Electronic Bill of Lading (e-B/L)
- All B/Ls must comply with Dutch and EU legal requirements

2.2 Shipper, Consignee, and Notify Party Details

- Full name, address, and contact information (including email and phone) are mandatory
- EU VAT number must be provided for intra-EU shipments
- P.O. Box alone is not sufficient

2.3 Cargo Description

- Detailed and accurate description of goods is required
- Use of generic terms like "Consolidated Cargo" is not permitted

2.4 Harmonized System (HS) Codes

- 8-digit HS codes are required for all shipments

2.5 Packaging Details

- Detailed description required
- Number of packages on pallets must be mentioned
- "Pallets" alone is not sufficient

2.6 Freight Details

- Optional to include charges on B/L

3. Operational Policies

3.1 Weight Limitations

- Maximum allowed weight must comply with Dutch road regulations
- Overweight containers may be subject to additional charges or refusal
- Adhere to standard international maritime weight limits

3.2 Dangerous Goods

- Acceptance is subject to IMDG regulations, EU directives, and CHERRY's internal policies
- Advance booking and approval are required
- Special documentation and labeling are mandatory

3.3 Temperature-Controlled Cargo (Reefer)

- Temperature settings must be clearly specified on booking and B/L
- CHERRY provides reefer monitoring services at major Dutch ports
- Pre-trip inspection (PTI) required

3.4 Special Equipment

- Requests for special equipment must be made at least 5 working days prior to vessel arrival

3.5 Out of Gauge (OOG) Cargo

- Subject to special approval and additional charges
- Detailed dimensions and weight distribution required at booking

3.6 Personal Effects and Household Goods

- Must be consigned to a named forwarder or moving company at local destination (at least as notify party)
- Shipment can be booked only Port/Port
- No Door Deliveries or Inland Ramp Deliveries accepted
- Detailed packing list required
- Not allowed to load tobacco, alcohol, or veterinary goods

3.7 Used Cars/Vehicles

- Special requirements apply
- Must be confirmed before loading by CS team in POD office

3.8 Part Load B/Ls

- Acceptable as per CHERRY standard rules

3.9 Printing B/L at Destination

- Acceptable

3.10 Transit Cargo

- For land transport to another country, street, postal code, location, and country must be displayed in the Place of Delivery box
- Minimum requirement: postal code and location
- T1 transit documents can be arranged for shipments moving to other EU countries

4. Customs and Regulatory Compliance

4.1 Dutch Customs Regulations

- All shipments must comply with Dutch customs regulations
- Additional documentation may be required for certain commodities
- CHERRY can assist with AEO (Authorized Economic Operator) clearance

4.2 European Union Regulations

- Compliance with EU import/export regulations required

4.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations

4.4 Restricted and Prohibited Items

- Importation of waste materials is strictly regulated and requires prior approval
- Certain agricultural products may be subject to phytosanitary inspections

5. Financial Policies

5.1 Payment Terms

- Both prepaid and collect shipments are accepted
- Freight collect for shipments to the Netherlands requires prior approval

5.2 Credit Policy

- Credit facilities are available subject to approval and signing of a credit agreement
- Standard credit terms are 30 days from the date of invoice

6. Claims and Liability

6.1 Cargo Claims

- All claims must be submitted in writing within 7 days of delivery
- CHERRY's liability is governed by the Hague-Visby Rules as incorporated in Dutch law

6.2 Demurrage and Detention

- Free time and charges are as per CHERRY's standard tariff
- Extended free time may be negotiated for volume customers

7. Environmental Policy

CHERRY is committed to sustainable shipping practices in the Netherlands. We:

- Participate in the Green Award program for environmentally friendly shipping
- Offer eco-friendly inland transportation options
- Comply with all Dutch and EU environmental regulations

8. Customer Service

- Our Rotterdam office serves as the main hub for Northwestern Europe
- 24/7 customer support is available
- Customers can access real-time shipment information through our digital platform

9. Data Protection

9.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 October, 2024]

Note: This guide has been created based on general shipping practices and regulations for Singapore. For the most accurate and up-to-date information, please consult with CHERRY Shipping Line directly or refer to the latest official documentation from Indonesia authorities.

CHERRY Shipping Line: Denmark - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)
- Electronic Bill of Lading (e-B/L) accepted and encouraged for faster processing

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number (mandatory)
 - Email address (mandatory)

- CVR number (Central Business Register) required for Denmark-based shippers

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number (mandatory)
 - Email address (mandatory)
- CVR number required for Denmark-based consignees
- For personal imports, full name and CPR number (personal identification number) or passport number required

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number (mandatory)
 - Email address (mandatory)

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory in English or Danish
- Generic terms like "Consolidated Cargo" or "Said to Contain" are not accepted
- Must include:
 - Precise commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- For food products, specific details including ingredients must be provided

1.6 Commodity Codes

- 8-digit CN (Combined Nomenclature) codes are required for all shipments

2. Operational Requirements

2.1 Weight Limitations

- Maximum gross weight for 20' containers: 24,000 kg
- Maximum gross weight for 40' containers: 30,480 kg
- Overweight containers subject to special approval and additional charges

2.2 Dangerous Goods

- Acceptance subject to IMDG regulations and Danish/EU regulations on dangerous goods
- Advance booking and approval required at least 5 days prior to vessel arrival
- Required documentation:
 - Dangerous Goods Declaration (in Danish or English)
 - Safety Data Sheets (SDS) in Danish or English
- Proper UN packaging and labeling mandatory

2.3 Temperature-Controlled Cargo (Reefer)

- Temperature settings must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificates required for all reefer shipments
- Gensets may be required for inland transportation

2.4 Fumigation Requirements

- All wooden packaging materials must comply with ISPM 15 regulations
- Fumigation certificates must be provided for applicable cargoes

3. Customs and Regulatory Compliance

3.1 Import Declaration

- Customs declarations must be submitted electronically through the EU Customs Data Model
- Economic Operators Registration and Identification (EORI) number required for importers

3.2 Entry Summary Declaration (ENS)

- Must be lodged at the first customs office of entry in the EU
- Submission deadlines: 24 hours before loading for containerized maritime cargo

3.3 Restricted and Prohibited Items

- Certain goods require import licenses (e.g., firearms, pharmaceuticals, some food products)
- Prohibited items include narcotics, counterfeit goods, and certain animal products

3.4 Sanitary and Phytosanitary Controls

- Certain animal products, plants, and plant products require health certificates
- May be subject to inspection by the Danish Veterinary and Food Administration

4. Financial Policies

4.1 Payment Terms

- Both prepaid and collect shipments accepted
- Import VAT (25%) and any applicable duties are payable on imports

4.2 Demurrage and Detention

- Free time: 5 days for general cargo, 3 days for reefer containers
- Charges apply after free time as per CHERRY's standard tariff

5. Special Requirements

5.1 Personal Effects and Household Goods

- Detailed inventory list required in English or Danish
- For non-EU citizens, residence or work permit required
- May be subject to customs inspection and duties

5.2 Vehicles

- Import of vehicles must comply with Danish and EU safety and environmental standards
- Registration tax applies to most vehicles imported into Denmark

- Special documentation needed for classic or collectors' vehicles

5.3 Alcohol and Tobacco

- Subject to excise duty in addition to import VAT
- Specific labelling requirements apply

6. EU-Specific Considerations

6.1 Intrastat Reporting

- Required for intra-EU movements of goods above certain thresholds
- Monthly reports must be submitted to Statistics Denmark

6.2 Union Customs Code (UCC)

- All imports must comply with UCC regulations
- Authorized Economic Operator (AEO) status may provide certain benefits

7. Additional Information

7.1 CHERRY's Compliance Policy

- All shipments must comply with Danish and EU Customs regulations
- CHERRY reserves the right to refuse shipments that do not comply with Danish or EU regulations

7.2 EU Considerations

- As Denmark is part of the EU, shipments from other EU countries are considered intra-EU movements and are not subject to customs formalities
- Special considerations apply for shipments to/from non-EU countries

7.3 Contact Information

CHERRY Shipping Line: Tanzania - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
- Sea Waybill (SWB)

1.2 Shipper Details

- Must be the actual Shipper with complete name, full address, and contact details

1.3 Consignee Details

- Full contact details & address of the party
- Party should be in Tanzania

1.4 Notify Party Details

- Full contact details & address of the party
- Party should be in Tanzania
- "SAME AS CONSIGNEE" is acceptable
- For "To Order of the Bank", full name, address, country name and contact details are required

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Generic terms like "Consolidated Cargo" or "Said to Contain" are not accepted
- Must include:
 - Precise commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)

1.6 Harmonized System (HS) Codes

- Harmonized codes indicated on B/L if shipper requires them to be indicated

1.7 Tax Identification Number

- TAX ID might be required by some consignees for LC requirements / regulatory needs
- Tax ID can be added based on shipper request

2. Operational Requirements

2.1 Weight Limitations

- Maximum gross weight limits to be confirmed with local CHERRY office
- Overweight containers subject to special approval and additional charges

2.2 Dangerous Goods

- Acceptance subject to IMDG regulations and Tanzanian regulations on dangerous goods
- Advance booking and approval required
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
- Proper UN packaging and labeling mandatory

2.3 Temperature-Controlled Cargo (Reefer)

- Temperature settings must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificates required for all reefer shipments
- Gensets may be required for inland transportation

2.4 Fumigation Requirements

- All wooden packaging materials must comply with ISPM 15 regulations
- Fumigation certificates must be provided for applicable cargoes

3. Customs and Regulatory Compliance

3.1 Import Declaration

- Import declaration must be filed through the Tanzania Customs Integrated System (TANCIS)
- Advance manifest information required before vessel arrival

3.2 Customs Clearance

- Customs clearance must be handled by a licensed customs broker in Tanzania
- Required documents:
 - Commercial Invoice
 - Packing List
 - Bill of Lading
 - Import Declaration Form (IDF)
 - Pre-arrival Declaration (PAD)
 - Certificate of Conformity (CoC) if applicable
 - Certificate of Origin (if applicable)

3.3 Restricted and Prohibited Items

- Certain items may be restricted or prohibited for import into Tanzania
- Special permits or licenses may be required for restricted items
- Examples of restricted items:
 - Firearms and ammunition
 - Narcotic drugs
 - Counterfeit goods
 - Used motor vehicles over a certain age

3.4 Phytosanitary and Veterinary Requirements

- Agricultural products may require phytosanitary certificates
- Animal products may require veterinary health certificates

4. Financial Policies

4.1 Payment Terms

- Freight collect is not acceptable as of 1, August 2018 (B/L date)
- Only Freight Prepaid (SEA and relevant MC charges) is accepted
- Due to the port of Dar es Salaam being a free in/out port, terminal handling and wharfage charges are paid direct by the shipper/consignee to the terminal

4.2 Demurrage and Detention

4.2.1 Import (Inbound) Demurrage

- Free time: 7 calendar days from discharge
- Charges after free time (per day, in USD):

Container Type Days 1-7 Days 8-14 Day 15 onwards

20' Dry	30	60	90
40' Dry	60	120	180
20'/40' Reefer	90	180	270

4.2.2 Export (Outbound) Demurrage

- Free time: 7 calendar days before vessel ETD
- Charges after free time (per day, in USD):

Container Type Days 1-7 Days 8-14 Day 15 onwards

20' Dry	25	50	75
40' Dry	50	100	150
20'/40' Reefer	75	150	225

4.2.3 Detention Charges

- Apply as per CHERRY's standard tariff
- Charges begin after the allowed free time for container return

Note: Demurrage and detention charges are subject to change. Please confirm current rates with your local CHERRY office.

5. Special Requirements

5.1 Personal Effects and Household Goods

- Detailed inventory list required
- May be subject to customs inspection
- Special regulations apply for returning Tanzanian citizens

5.2 Vehicles

- Import of used vehicles is subject to age restrictions
- New vehicles must meet Tanzanian safety and emission standards
- Pre-shipment inspection may be required

5.3 Transit Cargo

- For Merchant Haulage movement, mention "Shipper declares CARGO IN TRANSIT to XXX" where XXX is the final place of delivery
- For Carrier Haulage movement, mention "Cargo in Transit to Place of Delivery"
- Always the final consignee's address should be accurate and complete

6. Scheduling and Documentation Timeline

6.1 Export Shipments

- Booking Confirmation: Minimum 7 working days before vessel's ETA
- Empty Container Release: Minimum 5 working days before vessel's ETA
- Laden Container Gate-in: Minimum 3 working days before vessel's ETA
- Shipping Instructions Submission: Minimum 3 working days before vessel's ETA
- Original Bill of Lading Issuance: Within 1 working day after vessel's departure

6.2 Import Shipments

- Advance Manifest Submission: Minimum 72 hours before vessel's arrival
- Original Bill of Lading Surrender: Minimum 1 working day before vessel's arrival
- Delivery Order Issuance: Within 1 working day after OBL surrender and payment clearance
- Container Free Time Start: From the day following vessel's actual arrival date

6.3 Transit Shipments

- Advance Manifest Submission: Minimum 72 hours before vessel's arrival
- Transit Documentation: Minimum 2 working days before vessel's arrival

6.4 Document Cut-off Times

- Sea Waybill (Express B/L): 12:00 noon, 1 working day before vessel's ETA
- Original Bill of Lading: 12:00 noon, 2 working days before vessel's ETA
- Hazardous Cargo Documents: 12:00 noon, 3 working days before vessel's ETA

7. Port and Customs Working Hours

7.1 Port Working Hours

7.1.1 Dar es Salaam Port

- Normal working hours: 24/7 operations
- Gate operations:
 - Monday to Friday: 06:00 - 22:00
 - Saturday: 06:00 - 18:00
 - Sunday and Public Holidays: 08:00 - 16:00
- Documentation office hours:
 - Monday to Friday: 08:00 - 17:00
 - Saturday: 08:00 - 13:00
 - Sunday and Public Holidays: Closed

7.1.2 Inland Container Depots (ICDs)

- Normal working hours: Monday to Friday, 08:00 - 17:00
- Extended hours:
 - Saturday: 08:00 - 13:00
 - Sunday and Public Holidays: Closed

7.2 Customs Working Hours

7.2.1 Main Customs Office

- Normal working hours:
 - Monday to Friday: 08:00 - 17:00
 - Saturday, Sunday, and Public Holidays: Closed
- Document submission cut-off time: 15:00 on working days

7.2.2 Customs at Dar es Salaam Port

- Normal working hours: 24/7 operations
- Document processing:
 - Monday to Friday: 08:00 - 17:00
 - Saturday: 08:00 - 13:00
 - Sunday and Public Holidays: On-call basis

7.2.3 Customs at Inland Container Depots (ICDs)

- Normal working hours:
 - Monday to Friday: 08:00 - 17:00
 - Saturday: 08:00 - 13:00
 - Sunday and Public Holidays: Closed

8. Non-Working Days and Holidays

8.1 Regular Non-Working Days

- Saturdays and Sundays are generally non-working days for government offices and banks
- Port operations continue on a limited basis during weekends
- Customs operations are limited on weekends

8.2 Public Holidays

The following are official public holidays in Tanzania. Please note that shipping and customs operations may be affected:

- New Year's Day (January 1)
- Zanzibar Revolution Day (January 12)
- Mwalimu Nyerere Day (April 26)
- Union Day (April 26)
- Labour Day (May 1)
- Saba Saba Day (July 7)
- Nane Nane Day (August 8)
- Nyerere Day (October 14)
- Independence Day (December 9)
- Christmas Day (December 25)
- Boxing Day (December 26)

Note:

- Islamic holidays (Eid al-Fitr and Eid al-Adha) are observed but dates vary based on the lunar calendar.
- The government may announce additional holidays or changes to holiday dates.
- Please confirm the exact dates with the CHERRY Tanzania office.

8.3 Holiday Operations

- Port operations continue on a limited basis during public holidays
- Customs operations are typically closed on public holidays
- Special arrangements can be made for urgent shipments during holidays, subject to prior approval and additional fees

9. Additional Information

9.1 CHERRY's Compliance Policy

- All shipments must comply with Tanzanian Customs Law and related regulations
- CHERRY reserves the right to refuse shipments that do not comply with Tanzanian regulations
- Regular compliance training for staff

CHERRY Shipping Line: Pakistan - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Accepted for certain shipments
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Limited availability, subject to Pakistani regulations

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- National Tax Number (NTN) for Pakistani companies

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For Pakistani companies, include:

- National Tax Number (NTN)
- Sales Tax Registration Number (STRN)
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee
- Include National Tax Number (NTN) for Pakistani companies

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Pakistani Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:

- Container number(s)
- Seal number(s)
- Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD or PKR)

1.9 Additional Documentation

- Commercial Invoice: Original plus three copies, in English
- Packing List: Detailed list of package contents, weights, and dimensions
- Certificate of Origin: Required for all shipments, legalized by Pakistani Embassy/Consulate
- Form-E (Foreign Exchange Form): Required for all export shipments from Pakistan

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Advance Import Information (AII): Required for all imports to Pakistan
- Import License: Required for certain goods as per Pakistani import policy
- Commercial Invoice: Must be attested by Chamber of Commerce in the country of origin
- Packing List: Detailed packing list required for all shipments, in English

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies

- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS) in English
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Pakistani authorities
 - Class 7 (Radioactive materials): Subject to approval from Pakistan Nuclear Regulatory Authority (PNRA)
- Additional requirements for dangerous goods at Pakistani ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required in certain areas
- Food products require additional documentation from Pakistani health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Pakistan

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list in English
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Pakistani citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:

- Pharmaceuticals (require approval from Drug Regulatory Authority of Pakistan)
- Telecommunications equipment (require approval from Pakistan Telecommunication Authority)
- Agricultural products (subject to phytosanitary regulations)
- Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Pornographic materials
- Goods violating intellectual property rights
- Pork and pork products
- Alcoholic beverages

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Pakistani Customs Regulations

- All shipments must comply with Pakistani Customs regulations
- Pre-arrival declaration (GD) required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., Ministry of Commerce, Ministry of Food Security)

5.2 Import Inspections

- Risk-based system for determining level of inspection
- Physical inspection is common for most shipments
- Pre-Shipment Inspection (PSI) may be required for certain goods

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations

- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Pakistan Standards and Quality Control Authority (PSQCA) or Drug Regulatory Authority of Pakistan (DRAP)
- Halal certification required for all food products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Advance Import Information (All) filing: 24 hours before vessel departure from last port
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 24 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 3 days of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 5-7 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- Kashmir Day (February 5)
- Pakistan Day (March 23)
- Labour Day (May 1)
- Independence Day (August 14)
- Quaid-e-Azam Day (December 25)

8.2 Islamic Holidays (dates vary)

- Eid al-Fitr
- Eid al-Adha
- Ashura
- Eid Milad un Nabi

8.3 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 08:00 - 17:00
- Saturday: 08:00 - 13:00
- Sunday and Holidays: Closed (except for emergency operations)
- 24/7 operations available at major ports (Karachi, Port Qasim) for container terminals

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 09:00 - 17:00
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Handling of Unclaimed Cargo

10.1 Notification Process

- Consignee will be notified of cargo arrival via email and registered mail
- Multiple attempts to contact consignee will be made over a 30-day period

10.2 Storage of Unclaimed Cargo

- Unclaimed cargo will be moved to a bonded warehouse after free time expiration

- Storage charges will accrue as per published tariffs
- Special handling requirements (e.g., temperature-controlled storage) will be maintained at the consignee's expense

10.3 Customs Procedures for Unclaimed Cargo

- Customs will be notified of unclaimed cargo after 45 days
- Cargo may be subject to customs inspection and potential seizure

10.4 Disposal of Unclaimed Cargo

- After 90 days, CHERRY reserves the right to dispose of unclaimed cargo
- Disposal methods may include public auction, donation, or destruction, depending on cargo nature
- All costs associated with storage and disposal will be charged to the cargo owner

10.5 Hazardous or Perishable Goods

- Shorter timelines may apply for hazardous or perishable goods
- Immediate disposal may be necessary for safety reasons or to comply with regulations

10.6 Documentation

- Detailed records of all notifications, storage, and disposal actions will be maintained
- Certificates of destruction will be issued for disposed cargo when required

11. Additional Information

11.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

11.2 Contact Information

For any queries or clarifications regarding shipments to/from Pakistan, please contact:

CHERRY Shipping Line: Egypt - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Available for select routes
 - Subject to Egyptian electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"

- Notify party must be the actual consignee
- Include Importer Registration Number if applicable

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments to Egypt
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Egyptian Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD or EGP)

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company
- Credit approval may be required for collect shipments

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest
- Freight can be split if required

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Advance Cargo Information (ACI) filing:
 - Mandatory for all Egypt-bound cargo
 - Must be filed before vessel departure from the origin port
- Legalization of documents:
 - Commercial invoices and Certificates of Origin may require legalization by the Egyptian Embassy or Consulate in the country of origin

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 7 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited on some routes
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Egyptian authorities

- Class 7 (Radioactive materials): Subject to approval from Egyptian Atomic Energy Authority

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required depending on the destination
- Food products may require additional documentation from Egyptian health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits may be required for road transportation in Egypt

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation may be required:
 - Detailed inventory list
 - Valuation form
 - Copy of passport or government-issued ID
- Subject to Egyptian Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Alcoholic beverages (subject to strict regulations)
 - Firearms and ammunition (require special licenses)
 - Certain agricultural products (subject to Ministry of Agriculture regulations)
 - Pharmaceuticals and controlled substances (require Ministry of Health approval)
 - Religious materials (may be subject to review)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Pork and pork products
- Israeli-made goods or goods containing Israeli components
- Used tires
- Natural gas

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions may apply on certain routes

5. Customs and Regulatory Compliance

5.1 Egyptian Customs Regulations

- All shipments must comply with Egyptian Customs regulations
- Advance electronic information required as per ACI system
- Compliance with other government agency requirements (e.g., GOEIC, Ministry of Health)

5.2 Import Inspections

- Customs may require physical inspection of goods
- Risk-based system for determining level of inspection

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- May require approval from Egyptian Ministry of Health
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates may be required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival
- Submission of shipping instructions: 3 working days before vessel arrival
- ACI filing: Before vessel departure from origin port
- Dangerous goods declaration: 7 days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 48 hours of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to terminal policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 5-7 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 5 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers may have shorter free time and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to terminal discretion)

8. Non-Working Holidays

8.1 National Holidays

- Islamic New Year
- Coptic Christmas (January 7)
- Police Day (January 25)
- Coptic Easter (variable date)
- Sinai Liberation Day (April 25)
- Labor Day (May 1)
- End of Ramadan (Eid al-Fitr)
- Revolution Day (July 23)
- Feast of the Sacrifice (Eid al-Adha)
- Armed Forces Day (October 6)
- Prophet Muhammad's Birthday

8.2 Impact on Operations

- Customs offices may be closed or operating with reduced staff
- Port operations may be limited or suspended

- Documentation processing may be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 08:00 - 20:00, Sunday to Thursday
- Special operations (e.g., hazardous cargo handling): Subject to port authority schedule

9.2 Customs Working Hours

- Regular working hours: 09:00 - 17:00, Sunday to Thursday
- Extended hours may be available for urgent clearances (subject to additional fees)
- Reduced hours or closures during national holidays

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 October, 2024]

CHERRY Shipping Line: France - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Available for select routes
 - Subject to French electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For EU shippers: VAT number required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For "To Order" B/Ls:

- Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- For EU consignees: VAT number required

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class
- For textiles: Provide fiber content, construction, and any special finishes

1.6 Harmonized System (HS) Codes

- 8-digit CN Code (Combined Nomenclature) is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable CN codes
- Ensure codes are up-to-date with the latest EU tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)

- Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in EUR)

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company
- Credit approval may be required for collect shipments

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest
- Freight can be split if required

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Entry Summary Declaration (ENS):
 - Mandatory for all cargo entering the EU
 - Must be filed at least 24 hours before loading at the port of departure for containerized cargo
- EORI (Economic Operators Registration and Identification) number:
 - Required for importers and exporters
 - Must be provided for customs clearance

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 7 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory

- Certain classes of dangerous goods may be prohibited on some routes
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from French authorities
 - Class 7 (Radioactive materials): Subject to approval from French Nuclear Safety Authority (ASN)

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required depending on the destination
- Food products may require additional documentation from French health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits may be required for road transportation in France

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation may be required:
 - Detailed inventory list
 - Valuation form
 - Copy of passport or government-issued ID
- Subject to French Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Alcoholic beverages (subject to excise duties)
 - Firearms and ammunition (require special licenses)
 - Certain agricultural products (subject to phytosanitary regulations)
 - Pharmaceuticals and controlled substances (require approval from French health authorities)
 - Cultural goods (may require export licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Protected species and products thereof (CITES regulations)

- Certain food products from non-EU countries

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 30,480 kg gross weight
 - For 40' containers: 32,500 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 44,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions may apply on certain routes

5. Customs and Regulatory Compliance

5.1 French Customs Regulations

- All shipments must comply with French and EU Customs regulations
- Advance electronic information required as per ENS system
- Compliance with other government agency requirements (e.g., DGCCRF, ANSM)

5.2 Import Inspections

- Customs may require physical inspection of goods
- Risk-based system for determining level of inspection

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- May require approval from French National Agency for the Safety of Medicines and Health Products (ANSM)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates may be required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival
- Submission of shipping instructions: 3 working days before vessel arrival
- ENS filing: At least 24 hours before loading for containerized cargo

- Dangerous goods declaration: 7 days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 24 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 24 hours of vessel arrival
- Last free day for container pickup: Typically 3-5 days after discharge (subject to terminal policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 3-5 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 5 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers may have shorter free time and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to terminal discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Easter Monday (variable date)
- Labor Day (May 1)
- Victory in Europe Day (May 8)
- Ascension Day (variable date)
- Whit Monday (variable date)
- Bastille Day (July 14)
- Assumption of Mary (August 15)
- All Saints' Day (November 1)
- Armistice Day (November 11)
- Christmas Day (December 25)

8.2 Impact on Operations

- Customs offices may be closed or operating with reduced staff

- Port operations may be limited or suspended
- Documentation processing may be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 06:00 - 18:00, Monday to Friday
- Special operations (e.g., hazardous cargo handling): Subject to port authority schedule

9.2 Customs Working Hours

- Regular working hours: 09:00 - 17:00, Monday to Friday

 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Import Registration Number (if applicable)

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 6-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Sudanese Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD)

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Not recommended due to local regulations
- Original B/L should be couriered to the consignee or their appointed agent

2.4 Special Requirements

- Import License:
 - Required for most commercial shipments
 - Must be obtained before shipment arrival
- Certificate of Origin:
 - Mandatory for all shipments
 - Must be legalized by Sudanese Embassy in the country of origin
- Commercial Invoice:
 - Must be legalized by Sudanese Embassy in the country of origin
- Pre-shipment Inspection:
 - May be required for certain commodities
 - Consult with Sudanese Customs for current requirements

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Generally prohibited

- Class 7 (Radioactive materials): Subject to approval from Sudanese Atomic Energy Commission
- Additional requirements for dangerous goods at Sudanese ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Sudanese health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Sudan

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in Arabic and English)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Sudanese citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from National Medicines and Poisons Board)
 - Telecommunications equipment (require approval from National Telecommunications Corporation)
 - Printed materials (subject to censorship)
 - Agricultural products (subject to quarantine regulations)

3.6 Prohibited Items

- Alcoholic beverages
- Pork and pork products
- Narcotics and illegal drugs

- Weapons, ammunition, and explosives (without proper permits)
- Pornographic materials
- Israeli-made goods or goods containing Israeli components
- Gambling devices
- Used tires

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Sudanese Customs Regulations

- All shipments must comply with Sudanese Customs regulations
- Pre-arrival declaration required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., Standards and Metrology Organization)

5.2 Import Inspections

- 100% physical inspection is common for most shipments
- X-ray scanning may be required for containerized cargo

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Sudanese National Medicines and Poisons Board
- Halal certification required for all food products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Veterinary health certificates required for animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 3 days of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 5 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- Independence Day (January 1)
- Coptic Christmas (January 7)
- Eid al-Fitr (dates vary, 3 days)
- Eid al-Adha (dates vary, 3 days)
- Islamic New Year (date varies)
- Prophet Muhammad's Birthday (date varies)
- Revolution Day (December 19)

8.2 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Saturday to Thursday, 07:00 - 15:00
- Night shift operations: Subject to prior arrangement and additional fees
- Friday: Closed (except for emergency operations)

9.2 Customs Working Hours

- Regular working hours: Sunday to Thursday, 08:00 - 16:00
- Saturday: 09:00 - 13:00 (limited services)
- Friday: Closed
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.2 Contact Information

For any queries or clarifications regarding shipments to/from Sudan, please contact:

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee
- Moroccan Tax ID (ICE) required if the notify party is a company

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 10-digit HS Code is required for all shipments to Morocco
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Moroccan Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect

- Currency must be specified (preferably in MAD or USD)

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company
- Credit approval may be required for collect shipments

2.2 Part Load B/Ls

- Part load B/Ls are not accepted for FCL shipments to Morocco
- LCL shipments must be consigned to a single consignee

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- PORTNET (Moroccan Port Community System) registration:
 - Mandatory for all importers and exporters
 - Required for electronic submission of cargo manifests
- BADR (Base Automatisée des Douanes en Réseau) registration:
 - Required for customs clearance procedures
- EUR1 or EUR-MED Certificate:
 - Required for preferential tariff treatment under EU-Morocco Association Agreement

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 7 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited on some routes
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Moroccan authorities
 - Class 7 (Radioactive materials): Subject to approval from National Center for Nuclear Energy, Sciences and Techniques (CNESTEN)

- Additional requirements for dangerous goods at Moroccan ports:
 - Advance notification to port authorities 48 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Strict segregation rules enforced in port areas
 - Limited quantities may be accepted; consult with local CHERRY office

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required depending on the destination
- Food products may require additional documentation from Moroccan health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits may be required for road transportation in Morocco

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation may be required:
 - Detailed inventory list (in French or Arabic)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Moroccan citizens
- Subject to Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Ministry of Health)
 - Telecommunications equipment (require approval from National Telecommunications Regulatory Agency)
 - Printed materials (subject to review)
 - Agricultural products (subject to phytosanitary regulations)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste

- Used tires
- Asbestos and products containing asbestos
- Certain pesticides and chemicals

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 28,000 kg gross weight
 - For 40' containers: 32,500 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions may apply on certain routes

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

5. Customs and Regulatory Compliance

5.1 Moroccan Customs Regulations

- All shipments must comply with Moroccan Customs regulations
- Advance cargo declaration required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., ONSSA for food products)

5.2 Import Inspections

- Risk-based system for determining level of inspection
- Physical inspection may be required for certain commodities

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- May require approval from National Office of Food Safety (ONSSA)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates may be required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival
- Submission of shipping instructions: 3 working days before vessel arrival
- Dangerous goods declaration: 7 days before vessel arrival
- PORTNET manifest submission: 24 hours before vessel departure from last foreign port

6.2 Arrival and Discharge

- Final manifest submission: 24 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 24 hours of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to terminal policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7-10 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- **Reefer containers have shorter free time (typically 3 days) and higher demurrage rates**
- **Hazardous cargo may be subject to special demurrage terms**
- **Force majeure events may lead to extended free time (subject to port authority discretion)**

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)

- Independence Manifesto Day (January 11)
- Labor Day (May 1)
- Throne Day (July 30)
- Oued Ed-Dahab Day (August 14)
- Revolution Day (August 20)
- Youth Day (August 21)
- Green March Day (November 6)
- Independence Day (November 18)

8.2 Religious Holidays (dates vary according to Islamic calendar)

- Eid al-Fitr
- Eid al-Adha
- Islamic New Year
- Prophet Muhammad's Birthday

8.3 Impact on Operations

- Customs offices may be closed or operating with reduced staff
- Port operations may be limited or suspended
- Documentation processing may be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 08:00 - 18:00, Monday to Friday
- Special operations (e.g., hazardous cargo handling): Subject to port authority schedule

9.2 Customs Working Hours

- Regular working hours: 08:30 - 16:30, Monday to Friday
- Extended hours may be available for urgent clearances (subject to additional fees)
- Reduced hours or closures during national and religious holidays

10. Handling of Unclaimed Cargo

10.1 Notification Process

- Consignee will be notified of cargo arrival via email and registered mail
- Multiple attempts to contact consignee will be made over a 30-day period

10.2 Storage of Unclaimed Cargo

- Unclaimed cargo will be moved to a bonded warehouse after free time expiration
- Storage charges will accrue as per published tariffs
- Special handling requirements (e.g., temperature-controlled storage) will be maintained at the consignee's expense

10.3 Customs Procedures for Unclaimed Cargo

- Customs will be notified of unclaimed cargo after 45 days
- Cargo may be subject to customs inspection and potential seizure

10.4 Disposal of Unclaimed Cargo

- After 90 days, CHERRY reserves the right to dispose of unclaimed cargo
- Disposal methods may include public auction, donation, or destruction, depending on cargo nature
- All costs associated with storage and disposal will be charged to the cargo owner

10.5 Hazardous or Perishable Goods

- Shorter timelines may apply for hazardous or perishable goods
- Immediate disposal may be necessary for safety reasons or to comply with regulations

10.6 Documentation

- Detailed records of all notifications, storage, and disposal actions will be maintained
- Certificates of destruction will be issued for disposed cargo when required

11. Additional Information

11.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

11.2 Contact Information

11.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 September, 2024]

CHERRY Shipping Line: Mexico - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Available for select routes
 - Subject to Mexican electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For Mexican shippers: RFC (Tax ID) number required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- For Mexican consignees: RFC (Tax ID) number required

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee
- For Mexican notify parties: RFC (Tax ID) number required

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Mexican Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect

- Currency must be specified (preferably in USD or MXN)

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company
- Credit approval may be required for collect shipments

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest
- Freight can be split if required

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Advance Manifest System (AMS) filing:
 - Mandatory for all Mexico-bound cargo
 - Must be filed 24 hours before vessel loading at foreign port
- Pedimento (Customs Declaration):
 - Required for all import shipments
 - Must be prepared by a licensed Mexican customs broker

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 7 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited on some routes
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Mexican authorities
 - Class 7 (Radioactive materials): Subject to approval from National Commission of Nuclear Safety and Safeguards (CNSNS)

- Additional requirements for dangerous goods at Mexican ports:
 - Advance notification to port authorities 48 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Strict segregation rules enforced in port areas

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required depending on the destination
- Food products may require additional documentation from Mexican health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits may be required for road transportation in Mexico

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation may be required:
 - Detailed inventory list (in Spanish)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Mexican citizens
- Subject to Mexican Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from COFEPRIS)
 - Telecommunications equipment (require approval from IFT)
 - Agricultural products (subject to SENASICA regulations)
 - Firearms and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Certain pesticides and chemicals
- Used clothing and shoes (except as personal effects)
- Used vehicles (with exceptions)

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 28,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 63,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions may apply on certain routes

5. Customs and Regulatory Compliance

5.1 Mexican Customs Regulations

- All shipments must comply with Mexican Customs regulations
- Advance electronic information required as per AMS system
- Compliance with other government agency requirements (e.g., COFEPRIS, SENASICA)

5.2 Import Inspections

- Risk-based system for determining level of inspection
- Physical inspection may be required for certain commodities

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- May require approval from Federal Commission for Protection against Sanitary Risks (COFEPRIS)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates may be required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival
- Submission of shipping instructions: 3 working days before vessel arrival
- AMS filing: 24 hours before vessel loading at foreign port

- Dangerous goods declaration: 7 days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 24 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 48 hours of vessel arrival
- Last free day for container pickup: Typically 7 days after discharge (subject to terminal policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers may have shorter free time and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to terminal discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Constitution Day (First Monday of February)
- Benito Juárez's Birthday (Third Monday of March)
- Labor Day (May 1)
- Independence Day (September 16)
- Revolution Day (Third Monday of November)
- Christmas Day (December 25)

8.2 Additional Non-Working Days

- Holy Thursday and Good Friday (dates vary)
- Day of the Dead (November 2)
- Virgin of Guadalupe Day (December 12)

8.3 Impact on Operations

- Customs offices may be closed or operating with reduced staff

- Port operations may be limited or suspended
- Documentation processing may be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 08:00 - 18:00, Monday to Friday
- Special operations (e.g., hazardous cargo handling): Subject to port authority schedule

9.2 Customs Working Hours

- Regular working hours: 09:00 - 18:00, Monday to Friday
- Extended hours may be available for urgent clearances (subject to additional fees)
- Reduced hours or closures during national holidays

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.
Last updated: [1 October, 2024]

CHERRY Shipping Line: Gabon - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Limited availability, subject to Gabonese regulations

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Tax Identification Number (NIF) required for Gabonese companies

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., pallets, cartons, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Gabonese Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in XAF or EUR)

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties

- Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Not recommended due to local regulations
- Original B/L should be couriered to the consignee or their appointed agent

2.4 Special Requirements

- BIETC (Electronic Cargo Tracking Note):
 - Mandatory for all shipments to Gabon
 - Must be obtained before vessel departure from origin
- Import License:
 - Required for certain commodities
 - Must be obtained before shipment arrival
- Certificate of Origin:
 - Required for all shipments
 - Must be legalized by Gabonese Embassy in the country of origin
- Commercial Invoice:
 - Must be legalized by Gabonese Embassy in the country of origin

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Generally prohibited
 - Class 7 (Radioactive materials): Subject to approval from Gabonese Atomic Energy Commission
- Additional requirements for dangerous goods at Gabonese ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office

- Specific restrictions:
 - Class 5.1 (Ammonium nitrate): Prohibited for transit to neighboring countries
 - Class 8 (All types of acids): Prohibited for transit to neighboring countries
 - Class 4.3 (Calcium carbide): Prohibited for transit to neighboring countries

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Gabonese health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Gabon

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in French)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Gabonese citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Ministry of Health)
 - Telecommunications equipment (require approval from ARCEP)
 - Agricultural products (subject to phytosanitary regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Non-recyclable plastics
- Weapons of war and related ammunition
- Chemical weapons

- Extremely dangerous pesticides

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Gabonese Customs Regulations

- All shipments must comply with Gabonese Customs regulations
- Pre-arrival declaration required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., ARCEP, AGEOS)

5.2 Import Inspections

- Pre-shipment inspection may be required for certain commodities
- Physical inspection is common for most shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Gabonese Food and Drug Administration
- Health certificates may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Veterinary health certificates required for animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- BIETC obtainment: Before vessel departure from origin
- Dangerous goods declaration: 14 days before vessel arrival

- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 3 days of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 10 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Easter Monday (date varies)
- Labor Day (May 1)
- Whit Monday (date varies)
- Assumption Day (August 15)
- Independence Day (August 17)
- All Saints' Day (November 1)
- Christmas Day (December 25)

8.2 Additional Non-Working Days

- Women's Day (April 17)
- Africa Day (May 25)

8.3 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 07:30 - 18:00
- Saturday: 07:30 - 12:00
- Night shift and Sunday operations: Subject to prior arrangement and additional fees

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 07:30 - 15:30
- Saturday: Closed (except for emergency operations)
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.2 Contact Information

 - Must match B/L description
- Certificate of Origin:
 - Required for all shipments
 - Must be legalized by Bolivian Consulate in country of origin
- Import License:
 - Required for certain commodities
 - Must be obtained before shipment arrival

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Generally prohibited
 - Class 7 (Radioactive materials): Subject to approval from Bolivian Nuclear Energy Agency
- Additional requirements for dangerous goods:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.1 (Toxic substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Bolivian health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Bolivia

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in Spanish)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Bolivian citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Ministry of Health)
 - Telecommunications equipment (require approval from ATT)
 - Agricultural products (subject to phytosanitary regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Used clothing and shoes (except as personal effects)
- Used vehicles over 5 years old
- Certain pesticides and chemicals

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight

- For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 45,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Bolivian Customs Regulations

- All shipments must comply with Bolivian Customs regulations
- Pre-arrival declaration required at least 48 hours before vessel arrival
- Compliance with other government agency requirements (e.g., SENASAG, IBMETRO)

5.2 Import Inspections

- Physical inspection is common for most shipments
- Risk-based system for determining level of inspection

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Bolivian National Service of Agricultural Health and Food Safety (SENASAG)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 5 days of vessel arrival
- Last free day for container pickup: Typically 10-15 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 10-15 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Plurinational State Foundation Day (January 22)
- Carnival (Monday and Tuesday, dates vary)
- Good Friday (date varies)
- Labor Day (May 1)
- Corpus Christi (date varies)
- Andean New Year (June 21)
- Independence Day (August 6)
- All Saints Day (November 1)
- Christmas Day (December 25)

8.2 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 08:00 - 17:00
- Saturday: 08:00 - 12:00
- Sunday and Holidays: Closed (except for emergency operations)

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 08:30 - 16:30
- Saturday: Closed (except for emergency operations)
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.2 Contact Information

10.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 October, 2024]

CHERRY Shipping Line: Angola - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Not currently accepted in Angola

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Tax Identification Number (NIF) required for Angolan companies

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Angolan Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD)

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties

- Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Pre-Shipment Inspection (PSI):
 - Required for all imports valued over USD 25,000
 - Must be conducted by approved inspection companies
- Commercial Invoice:
 - Must be detailed and match the B/L description
 - Required in triplicate, signed and stamped
- Packing List:
 - Detailed packing list required for all shipments
 - Must match B/L description
- Certificate of Origin:
 - Required for all shipments
 - Must be legalized by Angolan Embassy in country of origin

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Angolan authorities
 - Class 7 (Radioactive materials): Subject to approval from National Atomic Energy Commission
- Additional requirements for dangerous goods at Angolan ports:
 - Advance notification to port authorities 72 hours prior to arrival

- Special handling procedures and storage areas apply
- Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.2 (Infectious substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Angolan health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Angola

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in Portuguese)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Angolan citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Ministry of Health)
 - Telecommunications equipment (require approval from INACOM)
 - Agricultural products (subject to phytosanitary regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Used tires
- Pornographic materials

- Goods produced in breach of intellectual property rights

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 56,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Angolan Customs Regulations

- All shipments must comply with Angolan Customs regulations
- Pre-arrival declaration required at least 48 hours before vessel arrival
- Compliance with other government agency requirements (e.g., IANORQ, MINSA)

5.2 Import Inspections

- Pre-Shipment Inspection (PSI) required for imports over USD 25,000
- Risk-based system for determining level of inspection
- Physical inspection is common for most shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Angolan Ministry of Health
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Pre-Shipment Inspection (if applicable): To be completed before shipment

- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 5 days of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7-10 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 10 days from gate-in (varies by port)

- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Tax Identification Number (NIU) required for Congolese companies

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Congolese Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD or XAF)

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties

- Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Electronic Cargo Tracking Note (ECTN):
 - Mandatory for all shipments to Congo
 - Must be obtained before vessel departure from origin
- Import License:
 - Required for certain commodities
 - Must be obtained before shipment arrival
- Commercial Invoice:
 - Must be detailed and match the B/L description
 - Required in triplicate, signed and stamped
- Packing List:
 - Detailed packing list required for all shipments
 - Must match B/L description
- Certificate of Origin:
 - Required for all shipments
 - Must be legalized by Congolese Embassy in country of origin

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Generally prohibited

- Class 7 (Radioactive materials): Subject to approval from Congolese Atomic Energy Commission
- Additional requirements for dangerous goods at Congolese ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.2 (Infectious substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Congolese health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Congo

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in French)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Congolese citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Ministry of Health)
 - Telecommunications equipment (require approval from ARPCE)
 - Agricultural products (subject to phytosanitary regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods

- Obscene articles and publications
- Hazardous waste
- Pornographic materials
- Goods violating intellectual property rights

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 50,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Congolese Customs Regulations

- All shipments must comply with Congolese Customs regulations
- Pre-arrival declaration required at least 48 hours before vessel arrival
- Compliance with other government agency requirements (e.g., ARPCE, Ministry of Agriculture)

5.2 Import Inspections

- Pre-shipment inspection may be required for certain commodities
- Risk-based system for determining level of inspection
- Physical inspection is common for most shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Congolese Ministry of Health
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- ECTN obtainment: Before vessel departure from origin
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 5 days of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7-10 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 10 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Easter Monday (date varies)
- Labor Day (May 1)
- Whit Monday (date varies)
- Independence Day (August 15)
- All Saints' Day (November 1)
- Christmas Day (December 25)

8.2 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 07:30 - 18:00
- Saturday: 07:30 - 12:00
- Sunday and Holidays: Closed (except for emergency operations)
- Night shift operations available upon request and subject to additional fees

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 07:30 - 15:30
- Saturday: Closed (except for emergency operations)
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.2 Contact Information

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 September, 2024]

CHERRY Shipping Line: Nigeria - Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Limited availability, subject to Nigerian regulations

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Tax Identification Number (TIN) required for Nigerian companies

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 10-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Nigerian Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD or NGN)

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties

- Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are not allowed for FCL shipments to Nigeria
- LCL shipments must be consigned to a single consignee

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Form M:
 - Mandatory for all commercial imports
 - Must be obtained before shipment arrival
- PAAR (Pre-Arrival Assessment Report):
 - Required for all imports
 - Must be obtained before shipment arrival
- Commercial Invoice:
 - Must be detailed and match the B/L description
 - Required in triplicate, signed and stamped
- Packing List:
 - Detailed packing list required for all shipments
 - Must match B/L description
- Certificate of Origin:
 - Required for all shipments
 - Must be legalized by Nigerian Embassy in country of origin

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Nigerian authorities
 - Class 7 (Radioactive materials): Subject to approval from Nigerian Nuclear Regulatory Authority

- Additional requirements for dangerous goods at Nigerian ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.2 (Infectious substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Nigerian food safety authorities (NAFDAC)

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Nigeria

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in English)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Nigerian citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require NAFDAC approval)
 - Telecommunications equipment (require NCC approval)
 - Agricultural products (subject to quarantine regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications

- Hazardous waste
- Pornographic materials
- Goods violating intellectual property rights
- Used clothing and shoes
- Certain food items (e.g., expired food products)

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 44,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Nigerian Customs Regulations

- All shipments must comply with Nigerian Customs regulations
- Pre-arrival declaration required at least 48 hours before vessel arrival
- Compliance with other government agency requirements (e.g., NAFDAC, SON)

5.2 Import Inspections

- Destination inspection required for all imports
- Risk-based system for determining level of inspection
- Physical inspection is common for most shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from National Agency for Food and Drug Administration and Control (NAFDAC)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Form M and PAAR obtainment: Before shipment departure
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 5 days of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 5-7 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Good Friday (date varies)
- Easter Monday (date varies)
- Workers' Day (May 1)
- Democracy Day (June 12)
- Eid al-Fitr (date varies)

- Eid al-Adha (date varies)
- Independence Day (October 1)
- Christmas Day (December 25)
- Boxing Day (December 26)

8.2 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: 24/7 for most operations
- Gate operations: Usually 08:00 - 20:00, Monday to Saturday
- Sunday and Holidays: Limited operations

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 09:00 - 17:00
- Saturday: 09:00 - 13:00 (limited services)
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

10.2 Contact Information

 - Non-negotiable document
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Available for select routes
 - Subject to Peruvian electronic transaction laws

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted; physical address required

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted; physical address required
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee
- Tax Identification Number (RUC) required for Peruvian companies

1.4 Notify Party Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is not accepted; physical address required

- For "To Order" B/Ls, notify party must be the actual consignee

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 10-digit HS Code is required for all shipments
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest Peruvian Customs tariff

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect
- Currency must be specified (preferably in USD or PEN)

2. Operational Requirements

2.1 Payment Terms

- Both prepaid and collect shipments are accepted
- For personal effects:
 - Charges cannot be invoiced to direct private parties

- Must be handled through a freight forwarder or moving company
- Credit approval may be required for collect shipments

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Advance Cargo Information (ACI):
 - Mandatory for all Peru-bound cargo
 - Must be filed 48 hours before vessel departure from the last foreign port
- Commercial Invoice:
 - Must be detailed and match the B/L description
 - Required in triplicate, signed and stamped
- Packing List:
 - Detailed packing list required for all shipments
 - Must match B/L description
- Certificate of Origin:
 - Required for preferential tariff treatment
 - Must be legalized by Peruvian Consulate in country of origin for certain goods

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 7 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)
 - Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Peruvian authorities
 - Class 7 (Radioactive materials): Subject to approval from Peruvian Institute of Nuclear Energy (IPEN)
- Additional requirements for dangerous goods at Peruvian ports:

- Advance notification to port authorities 48 hours prior to arrival
- Special handling procedures and storage areas apply
- Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.2 (Infectious substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required depending on the destination
- Food products require additional documentation from Peruvian health authorities (DIGESA)

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits may be required for road transportation in Peru

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in Spanish)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Peruvian citizens
- Subject to Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require DIGEMID approval)
 - Telecommunications equipment (require MTC approval)
 - Agricultural products (subject to SENASA regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste

- Pornographic materials
- Goods violating intellectual property rights
- Used clothing and shoes (except as personal effects)
- Used vehicles (with exceptions)

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 28,000 kg gross weight
 - For 40' containers: 32,500 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 48,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions may apply on certain routes

5. Customs and Regulatory Compliance

5.1 Peruvian Customs Regulations

- All shipments must comply with Peruvian Customs regulations
- Advance cargo declaration required at least 48 hours before vessel arrival
- Compliance with other government agency requirements (e.g., DIGESA, SENASA)

5.2 Import Inspections

- Risk-based system for determining level of inspection
- Physical inspection may be required for certain commodities

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from General Directorate of Environmental Health (DIGESA)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates may be required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 7 days before vessel arrival

- Submission of shipping instructions: 3 working days before vessel arrival
- ACI filing: 48 hours before vessel departure from last foreign port
- Dangerous goods declaration: 7 days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 48 hours before vessel arrival
- Original document submission (if required): 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 24 hours of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to terminal policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7-10 days from discharge (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by terminal)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers may have shorter free time and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to terminal discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Holy Thursday and Good Friday (dates vary)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves is mandatory due to limited power supply at some locations
- Food products require additional documentation from Senegalese health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Senegal

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in French)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-Senegalese citizens
- Subject to 100% Customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Senegalese Ministry of Health)
 - Telecommunications equipment (require approval from ARTP)
 - Agricultural products (subject to phytosanitary regulations)
 - Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods

- Obscene articles and publications
- Hazardous waste
- Pornographic materials
- Goods violating intellectual property rights
- Used clothing and shoes (except as personal effects)
- Plastic bags

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 50,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Senegalese Customs Regulations

- All shipments must comply with Senegalese Customs regulations
- Pre-arrival declaration required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., Ministry of Health, Ministry of Agriculture)

5.2 Import Inspections

- Destination inspection required for most imports
- Risk-based system for determining level of inspection
- Physical inspection is common for most shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices
- Require approval from Senegalese Food Safety Agency (SECAS)
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products

- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- ECTN obtainment: Before vessel departure from origin
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 24 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 3 days of vessel arrival
- Last free day for container pickup: Typically 7-10 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 7-10 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 10 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Independence Day (April 4)
- Easter Monday (date varies)
- Labor Day (May 1)
- Ascension Day (date varies)

- Whit Monday (date varies)
- Assumption Day (August 15)
- All Saints' Day (November 1)
- Christmas Day (December 25)

8.2 Islamic Holidays (dates vary)

- Eid al-Fitr
- Eid al-Adha
- Islamic New Year
- Mawlid (Prophet's Birthday)

8.3 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 08:00 - 18:00
- Saturday: 08:00 - 13:00
- Sunday and Holidays: Closed (except for emergency operations)
- Night shift operations available upon request and subject to additional fees

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 08:00 - 17:00
- Saturday: 09:00 - 13:00 (limited services)
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Additional Information

10.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings

- Available Hours: Monday to Friday, 07:30 - 18:00 (Greenwich Mean Time, GMT)

10.3 Policy Updates

This policy is subject to change without notice. Always check for the most recent updates before booking or shipping.

Last updated: [1 October, 2024]

CHERRY Shipping Line: Poland – Requirements and Restrictions

1. Documentation Requirements

1.1 Bill of Lading (B/L) Types

- Original Bill of Lading (OBL)
 - Negotiable document
 - Must be surrendered to release cargo
- Sea Waybill (SWB)
 - Accepted for certain shipments
 - Allows for faster release of cargo at destination
- Electronic Bill of Lading (e-B/L)
 - Available for select routes, subject to Polish and EU regulations

1.2 Shipper Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- VAT Identification Number (NIP) for Polish companies
- EORI number for non-EU shippers

1.3 Consignee Details

- Full name and complete address required
- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For Polish companies, include:
 - VAT Identification Number (NIP)
 - National Court Register Number (KRS) for legal entities
 - REGON (Statistical Number)
- EORI number mandatory for all EU-based consignees
- For "To Order" B/Ls:
 - Consignee field should state "TO ORDER OF [Bank Name]"
 - Notify party must be the actual consignee

1.4 Notify Party Details

- Full name and complete address required

- Contact information:
 - Phone number with country and area code (mandatory)
 - Email address (mandatory)
- P.O. Box is accepted but not sufficient alone; physical address required
- For "To Order" B/Ls, notify party must be the actual consignee
- Include VAT Identification Number (NIP) for Polish companies
- EORI number required if the notify party is responsible for customs clearance

1.5 Cargo Description

- Detailed and accurate description of goods is mandatory
- Vague descriptions are not acceptable
- Must include:
 - Precise and accurate commodity description
 - Number of packages
 - Type of packages (e.g., cartons, pallets, drums)
- Prohibited terms:
 - "Said to Contain"
 - "Freight of All Kinds (FAK)"
 - General terms like "Consolidated Cargo" or "General Merchandise"
- For chemicals: Include CAS number, UN number, and hazard class

1.6 Harmonized System (HS) Codes

- 8-digit HS Code is required for all shipments (as per EU regulations)
- Must match the cargo description
- For mixed cargo, list all applicable HS codes
- Ensure codes are up-to-date with the latest EU Combined Nomenclature

1.7 Packaging Details

- Both outer and inner packaging details must be provided
- Include:
 - Type of packaging (e.g., cartons, pallets, drums)
 - Number of pieces per package type
 - Total number of packages
- Pallets alone are not considered sufficient packaging information
- For containerized cargo:
 - Container number(s)
 - Seal number(s)
 - Container size and type

1.8 Freight Details

- All applicable charges should be clearly stated on the B/L
- Indicate whether charges are prepaid or collect

- Currency must be specified (preferably in EUR or PLN)

1.9 Additional Documentation

- Commercial Invoice: Original plus three copies, in English or Polish
- Packing List: Detailed list of package contents, weights, and dimensions
- Certificate of Origin: When required for preferential tariff treatment
- EUR.1 or EUR-MED movement certificate for goods qualifying for preferential treatment under EU trade agreements

2. Operational Requirements

2.1 Payment Terms

- Prepaid shipments are preferred
- Collect shipments may be accepted subject to prior approval
- For personal effects:
 - Charges cannot be invoiced to direct private parties
 - Must be handled through a freight forwarder or moving company

2.2 Part Load B/Ls

- Part load B/Ls are acceptable but must have a common Consignee or Notify Party
- Clearly indicate "Part Load" on each B/L
- Total quantity on all part load B/Ls must match the container manifest

2.3 Printing B/L at Destination

- Acceptable upon request
- May incur additional fees
- Original B/L must be surrendered or a Letter of Indemnity provided

2.4 Special Requirements

- Intrastat declarations required for intra-EU movements exceeding specified thresholds
- Import Declaration (SAD - Single Administrative Document) must be filed electronically through the PUESC system
- Export Declaration (AES - Automated Export System) required for all exports from Poland
- Commercial Invoice: Must be detailed and match the B/L description
- Packing List: Detailed packing list required for all shipments

3. Restrictions and Special Handling

3.1 Dangerous Goods

- Acceptance subject to IMDG regulations and CHERRY's internal policies
- Advance booking and approval required: Minimum 14 days before vessel arrival
- Required documentation:
 - Dangerous Goods Declaration
 - Safety Data Sheet (SDS)

- Emergency contact information
- Proper UN packaging and labeling mandatory
- Certain classes of dangerous goods may be prohibited
- Special handling requirements for:
 - Class 1 (Explosives): Requires special permits from Polish authorities
 - Class 7 (Radioactive materials): Subject to approval from Polish National Atomic Energy Agency
- Additional requirements for dangerous goods at Polish ports:
 - Advance notification to port authorities 72 hours prior to arrival
 - Special handling procedures and storage areas apply
 - Limited quantities may be accepted; consult with local CHERRY office
- Specific restrictions:
 - Class 2.3 (Toxic gases): Prohibited
 - Class 6.2 (Infectious substances): Requires special approval

3.2 Temperature-Controlled Cargo (Reefer)

- Temperature settings and ventilation requirements must be clearly specified on booking and B/L
- Pre-trip inspection (PTI) certificate required for reefer containers
- Genset for inland moves may be required in certain areas
- Food products require additional documentation from Polish health authorities

3.3 Out of Gauge (OOG) Cargo

- Subject to special approval and may incur additional charges
- Detailed dimensions and weight distribution must be provided at time of booking
- Special permits required for road transportation in Poland

3.4 Personal Effects and Household Goods

- Must be handled by approved freight forwarders or moving companies
- Special documentation required:
 - Detailed inventory list (in Polish or English)
 - Valuation form
 - Copy of passport
 - Residence permit or work visa for non-EU citizens
- Subject to customs inspection
- Used items may be subject to additional restrictions or duties

3.5 Restricted Commodities

- Subject to special handling requirements and additional documentation
- May include:
 - Pharmaceuticals (require approval from Polish Main Pharmaceutical Inspectorate)

- Telecommunications equipment (require approval from Office of Electronic Communications)
- Agricultural products (subject to phytosanitary regulations)
- Weapons and ammunition (require special licenses)

3.6 Prohibited Items

- Narcotics and illegal drugs
- Counterfeit goods
- Obscene articles and publications
- Hazardous waste
- Pornographic materials
- Goods violating intellectual property rights
- Certain plant and animal species protected under CITES

4. Weight Restrictions

4.1 General Weight Limits

- Maximum allowed weight:
 - For 20' containers: 24,000 kg gross weight
 - For 40' containers: 30,480 kg gross weight
- Overweight permits may be required for heavier shipments

4.2 Road Transportation

- Weight limits vary by route and vehicle type
- Generally, maximum gross vehicle weight: 40,000 kg
- Special permits required for overweight or oversized cargo
- Dimension restrictions apply on certain routes

5. Customs and Regulatory Compliance

5.1 Polish and EU Customs Regulations

- All shipments must comply with Polish and EU Customs regulations
- Pre-arrival declaration required at least 24 hours before vessel arrival
- Compliance with other government agency requirements (e.g., Main Sanitary Inspectorate, Main Veterinary Inspectorate)

5.2 Import Inspections

- Risk-based system for determining level of inspection
- Physical inspection may be required for certain shipments

5.3 Wood Packaging Materials

- Must comply with ISPM 15 regulations
- Require proper marking indicating heat treatment or fumigation
- Non-compliant wood packaging may result in re-exportation of entire shipment

5.4 Food and Drug Importation

- Special requirements for food, drugs, cosmetics, and medical devices

- Require approval from Polish Chief Sanitary Inspectorate
- Registration may be required for certain products

5.5 Agricultural Products

- Specific regulations for agricultural products
- Phytosanitary certificates required for plants and plant products
- Import permits required for certain animal products

6. Scheduling and Documentation Timeline

6.1 Pre-Loading Timeline

- Booking confirmation: Minimum 14 days before vessel arrival
- Submission of shipping instructions: 7 working days before vessel arrival
- Dangerous goods declaration: 14 days before vessel arrival
- Submission of legalized documents: 5 working days before vessel arrival

6.2 Arrival and Discharge

- Manifest submission: 24 hours before vessel arrival
- Original document submission: 24 hours before vessel arrival

6.3 Post-Arrival

- Customs clearance initiation: Within 3 days of vessel arrival
- Last free day for container pickup: Typically 5-7 days after discharge (subject to port policies)

7. Demurrage on Exported & Imported Cargoes

7.1 Import Demurrage

- Free time: Typically 5-7 days from discharge (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.2 Export Demurrage

- Free time: Typically 7 days from gate-in (varies by port)
- Demurrage charges apply after free time expires
- Rates increase progressively with time
- Charges are per container per day

7.3 Special Considerations

- Reefer containers have shorter free time (typically 3 days) and higher demurrage rates
- Hazardous cargo may be subject to special demurrage terms
- Force majeure events may lead to extended free time (subject to port authority discretion)

8. Non-Working Holidays

8.1 National Holidays

- New Year's Day (January 1)
- Easter Sunday and Monday (dates vary)
- Labour Day (May 1)
- Constitution Day (May 3)
- Corpus Christi (date varies)
- Assumption of the Blessed Virgin Mary (August 15)
- All Saints' Day (November 1)
- National Independence Day (November 11)
- Christmas Day and Boxing Day (December 25-26)

8.2 Impact on Operations

- Customs offices will be closed
- Port operations may be limited or suspended
- Documentation processing will be delayed
- Additional storage charges may apply if cargo cannot be cleared due to holidays

9. Port and Customs Working Hours

9.1 Port Working Hours

- Regular working hours: Monday to Friday, 06:00 - 22:00
- Saturday: 06:00 - 14:00
- Sunday and Holidays: Closed (except for emergency operations)
- 24/7 operations available at major ports (Gdańsk, Gdynia) for container terminals

9.2 Customs Working Hours

- Regular working hours: Monday to Friday, 08:00 - 16:00
- Extended hours may be available for urgent clearances (subject to additional fees)

10. Handling of Unclaimed Cargo

10.1 Notification Process

- Consignee will be notified of cargo arrival via email and registered mail
- Multiple attempts to contact consignee will be made over a 30-day period

10.2 Storage of Unclaimed Cargo

- Unclaimed cargo will be moved to a bonded warehouse after free time expiration
- Storage charges will accrue as per published tariffs
- Special handling requirements (e.g., temperature-controlled storage) will be maintained at the consignee's expense

10.3 Customs Procedures for Unclaimed Cargo

- Customs will be notified of unclaimed cargo after 45 days
- Cargo may be subject to customs inspection and potential seizure

10.4 Disposal of Unclaimed Cargo

- After 90 days, CHERRY reserves the right to dispose of unclaimed cargo

- Disposal methods may include public auction, donation, or destruction, depending on cargo nature
- All costs associated with storage and disposal will be charged to the cargo owner

10.5 Hazardous or Perishable Goods

- Shorter timelines may apply for hazardous or perishable goods
- Immediate disposal may be necessary for safety reasons or to comply with regulations

10.6 Documentation

- Detailed records of all notifications, storage, and disposal actions will be maintained
- Certificates of destruction will be issued for disposed cargo when required

11. Additional Information

11.1 CHERRY's Compliance Policy

- CHERRY reserves the right to refuse shipments that do not comply with local, EU, or international regulations
- Regular compliance training for staff
- 24/7 compliance team available for urgent screenings
